

Gap in Purchase and Selling Price of Petroleum Products

4969. SHRI RAJU PARMAR:
SHRI BHAGATRAM MANHAR:

Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) the rates of duties/taxes being paid currently on LPG and other petroleum products;

(b) the prices of petroleum products at which they are being purchased currently and what are the prices at which Government is selling these to the consumers;

(c) whether there is a big gap in purchase and selling prices of petroleum products; and

(d) what steps are being taken to reduce the prices of these petroleum products?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI E. PONNUSWAMY): (a) The rates of duties of customs and excise on LPG and other controlled petroleum products are given in the Statement-I (*See below*). In addition, State Governments levy sales taxes, rates of which are given in Statement-II (*See below*).

(b) and (c) The refinery gate prices of controlled petroleum products for the month of May 2000 are given in Statement-III (*See below*). The ex-storage point prices for consumer as on 1.5.2000 are given in Statement-IV (*See below*). Currently, kerosene for public distribution, domestic LPG and high speed diesel are being subsidised.

(d) In the Budget for the year 2000-01, duties of customs have been decreased. However, its impact is not reflected in the selling prices due to high oil prices in the international market.
