

measure was justified in the context of immediate need to widen the tax base and to enforce people having taxable income to file their return of income. Under this scheme the return to be filed is not the usual return of income but an

early, simplified form of return seeking minimum details obviating any need for employing extra man-power and resources. Such simple return under the new scheme does not require any detailed scrutiny.

(c) The main reasons for shortfall in collection during the financial year 1997-98, are as under:—

- (i) There has been a general recession in the Industry during F.Y. 1997-98. Manufacturing sector has specially suffered a set back affecting the collection of taxes.

The CCsIT have been requested to personally monitor the top hundred cases of corporate and non-corporate assesseees in his region. The dossier reports of top hundred defaulters will also be undertaken at the level of each CCIT so that the efforts for cash collections are sustained on a continuous basis. The Board will also be monitoring the collection on top priority basis.

660. SHRI O.P. KOHLI: Will the Minister of FINANCE be pleased to state:

The customer was getting statement of account on regular basis. Yet no complaint about the alleged forgery was filed till 31.5.97 whereas 9 withdrawals amounting to Rs. 2.85 lakhs were made from the S/B Account during the period
