

### hydrogeological Survey in North-Eastern States

2585. SHRI W. ANGOU SINGH: Will the PRIME MINISTER be pleased to state:

(a) whether the Hydrogeological Survey works have been carried out to assess the changes in the ground water with regard to quality and quantity in the North-Eastern States;

(b) if so, the State-wise categorisation of exploited and dark Blocks/Taluks/Mandals/watersheds of the North-Eastern States; and

(c) whether Government have a plan to constitute a ground water authority?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SOMPAL): (a) Yes, Sir.

(b) No areas of North East States fall under 'over exploited' or 'dark' category in terms of exploitation of ground water;

(c) The Central Government have constituted the Central Ground Water Board as an Authority for the purposes of regulation and control of ground water management and development in the country for a period of five years from January, 1997.

### Modernisation of Sone-Canal

2586. SHRI NAGENDRA NATH GUPTA: Will the PRIME MINISTER be pleased to state:

(a) whether Government have any proposal regarding modernisation of Sone-canal in Bihar; and

(b) if so, what steps have been taken by Government for preparing a plan for the same and its implementation?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SOMPAL): (a) and (b) Sone Canal Modernisation Project Phase-I (Bihar) estimated to cost Rs. 235.93 crores (at 1991 price level) has been accorded in-

vestment clearance by the Planning Commission on 7.7.98. However, Irrigation is a State subject. The implementation of the Project will depend upon the priority attached to it by the State Government.

### Use of Ganga Water

2587. DR. B.B. DUTTA: Will the PRIME MINISTER be pleased to state:

(a) the estimated quantum of water flowing into the river Ganga;

(b) the quantum of water being used for irrigation, drinking and industrial use, separately;

(c) the quantum of unutilised water which flows into the sea; and

(d) the steps taken/proposed to be taken for the maximum utilisation of the water of river Ganga?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SOMPAL): (a) The annual flow through the river Ganga based on seventy percent dependability has been estimated at 60 billion cubic metre during non-monsoon and 352 billion cubic metre during the monsoon season making a total of 412 billion cubic metre.

(b) There had been no assessment for quantifying present utilisation separately for each sector. However, the total quantum utilised based on withdrawals is about 62 billion cubic metre annually for irrigation, drinking and industrial purposes. The quantum annually utilised for navigation in Calcutta Port is about 28 billion cubic metre annually, making a total utilisation of 90 billion cubic metre.

(c) The quantity of Ganga water going into the sea has not been assessed as the available flow in the river over and above the utilised in India flows into Bangladesh. This quantity is about 322 billion cubic metre annually, part of which is utilised in Bangladesh as per their requirement and the rest flows into the sea.
