Soiled currency notes

1096. SHRI SANJAY DALMIA: Will the Minister of FINANCE be pleased to state:

(a) whether people are facing difficulties to exchange soiled currency notes;

(b) whether a large number of soiled currency notes are in the country;

(c) whether any steps have been taken to withdraw these currency notes from the market; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI M.P. VEERENDRA KUMAR): (a) and (b) Due to the capacity constraints of the note printing presses, banks resort to re-cycling of notes in circulation. RBI has authorised all branches of public sector banks to offer facilities, to their customers and others, to exchange soiled currency notes, including slightly mutilated notes. As and when complaints are received, these are also looked into by the RBI.

(c) and (d) Soiled notes are withdrawn in a phased manner by the Issue Offices of RBI through more than 4000 currency chests maintained at public sector banks all over the country. Such notes are also received by the Issue Offices from Govt. Departments and the public. On an average, every year, 4000 million pieces of soiled notes are withdrawn from circulation.
