of the Government as well as the process of planning so as to make planning largely indicative. Liberalisation of economy is consistent with indicative planning. The Planning Commission will have to concentrate on anticipating future trends and evolving integrated strategies for achieving the highest possible level of development of the country in keeping with the internationally competitive standards. This will call for the creation of a culture of high productivity and cost efficiency in the Government both at the Centre and in the States, and the Planning Commission will have to play the role of a catalyst.

## Analysis made by Planning Commission Regarding Macro-Economic Imbalances

378. SHRI MENTAY PADMANA-BHAM: Will the MINISTER OF PLAN-NING AND PROGRAMME IMPLEMEN-TATION be pleased to state:

- (a) whether the Planning Commission has initiated any indepth analysis of the causes of the recent macro-economic imbalances; and
- (b) whether the Planning Commission has been asked by the Finance Ministry for its reaction for smooth integration of the economy with the global system?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROG-**IMPLEMENTIONS** RAMME (SHRI GIRIDHAR GOMANGO: (a) and (b) The cause of macro-economic imbalances have been studied in preparing the Eighth Five Year Plan and the annual Plans. The growing fiscal gap and depletion of foreign exchange resources created a situation which put severe strain on the economic system leading to import curbs, high rate of inflation and recession in industry. Corrective measures have been initiated under the Eighth Five Year Plan, which also stipulated a reformed policy regime trade, technology, transborder capital flows and financial sector. These will smoothen the integration of the Indian economy with the global system.

THE MINISTER OF STATE CIF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION (SHRI GIRIDHAR GOMANGO): (a) to (c)

The Water Pricing Committee was an internal group set by the Planning Commission on Oct. 1991 to study the Pricing of Irrigation Water. Some salient features of the Report of the Committee on Pricing of Irrigation Water include; treating water rates as user's charge; the objective of water charge is ultimately to recover cost; linking revision of water rates to the improvement of the quality of service; revision and implementation of rates in phases; consolidation of the system of farmer group management; upgrading the system to higher level efficiency in water use and productivity; setting up of expert's group at the State level for working out norms and procedure for periodic monitoring; setting up of autonomous boards at the State level to review policy regarding cost of water, revising water rates and introducing a minimum financial return criteria. The copies of the Committee's Report have already been sent to States for their Comments/views. The Planning Commission has set-up a Group of officials to go into the Report of the Committee. "Irrigation" being a State subject, decision on water rates can be taken only in consultation with the State Governments and Union Territories, after the Group of Officials has finalised its views on the action to be taken on the various recommendations of the mittee.
