## [Shri N. E. Balaram]

actually condemning the Railway Ministry. He has said something regarding the concessions given by the Railway Ministry for Kerala. He has said that he was expecting very much because he was given certain promises. Now, according his statement The Railway Ministry has gone back on all those promises and assurances. The work has now been completely stopped in all these areas. He has already registered his strong protest. But I do not know what the Railway Ministry is going to do about it.

I just wanted to raise this issue and wanted to draw the attention of the Railway Minister through you to this. I hope that the Railway Ministry will do something in the matter. Thank you, Madam.

SHRI M. A. BABY (Kerala): Madam, with your permission, I wish to associate myself with what Mr. Balaram has said. 1 do not speak on it.

THE DEPUTY CHAIRMAN: I appreciate it! Now, Mr. O. Raja-gopal.

Kerala Government's decision about weekly holiday in schools with a majority of Muslim students/teachers on Friday instead of Sunday

SHRI O. RAJAGOPAL (Madhya Pradesh): Madam, I wish to invite the attention of the Government to a serious onslaught on the secular spirit of the Constitution that is going on in Kerala.

Madam, we have heard of human beings considered as Hindus or Muslims. But, in Kerala, we find now that schools also are classified as Hindu schools or Muslim schools. Last week, suddenly, the Government of Kerala decided to define what a Muslim school was and said that in those schools where the majority of the students belonged to the Muslim community or where the majority of the staff also belonged to the Muslim community or in cases where, once upon a time, the schools were described as Muslim schools, in such cases, the weekly holiday would be Friday instead of Sunday. The Government of Kerala has suddenly decided that the compulsory weekly holiday for them would be on Friday and not on Sunday.

Now, this sudden decision of the Government of Kerala has been prompted by considerations of the coming by-election to the Lok Sabha in the Ottapalam constituency which seat has been vacated by our honourable Chairman. The election is due on the 19th and about twenty per cent of the voters here belong to the Muslim community and the President of the Muslim League has already come out openly with a statement that the Muslims will not vote for the Con-, gress (I) after what they have done in Ayodhya. After this stand taken by the Muslim League, now it is very difficult for the Congress (I) to win over the 20 per cent Muslim vote. So, in order to corner this twenty per cent Muslim vote, the Kerala Government has come out with this demarcation of the educational institutions as Muslim schools and Hindu schools. This is directly in violation of the spirit of secularism enshrined in our Constitution. This is highly condem-nable on two grounds: Firstly, it violates the spirit of secularism enshrined in Constitution and, secondly

this decision has been suddenly taken after the declaration of the election, and after the electoral process has commenced. It is in violation of the CoiU of Conduct issued by the Elec-Commission. Thank Madam.
