

[Shri S. Viduthalai Virumbi]

dhra, Karnatak and Trail Nadu to that orifice, they are not getting any respect in the UGC office. Furthermore, is there no South Indian member in the University Grants Commission. Apart from this, what I wanted to emphasise is that since the University Grants Commission is situated only in Delhi one has to travel thousands of miles to get some bits of money. Therefore, I request through you, that a regional office of the University Grants Commission be established at Madras in Tamil Nadu so that the South Indian people can, get their grievances redressed at less expense.

This will take only one or two days. We feel that now five to ten per cent of the grant is spent in getting reimbursement. This kind of harassment should be avoided. Therefore, I once again emphasise that a regional office of the University Grants Commission should be established in one of the South Indian States, particularly in Tamil Nadu. With these words I conclude. Thank you.
