

Governments/Union Territory Administrations concerned themselves, currently the Central Issue Prices (Ex-FCI godowns) of wheat, rice and coarse grains for distribution through the Public Distribution Systems are as follows:

|               | Rs. per quintal |
|---------------|-----------------|
| Wheat .       | 402             |
| Rice          |                 |
| Common .      | 537             |
| Fine          | 617             |
| Superfine .   | 648             |
| Coarse grains | 199             |

The Central Issue Prices of these cereals for distribution in ITDP/RPDS areas is Rs. 50 per quintal less than the above mentioned prices for distribution under Public Distribution System.

#### Setting up of Sugar Factories

\*370. DR. MURLI MANOHAR IOSHI:  
SHRI TRILOKI NATH CHATURVEDI:

Will the Minister of FOOD be pleased to refer to answer to Unstarred Question 2133 given in the Rajya Sabha on 17th December, 1993 and state:

(a) what is the installed capacity of sugar mills which were set up from 1990 to 1993 together with production;

(b) the projected demand of sugar for each year from 1994 to 1998;

(c) the average indigenous cost of production of sugar per tonne and landed cost of imported sugar; and

(d) the quantity to be Imported to 1994 to meet the current demand of sugar ?

THE MINISTER OF STATE OF THE MINISTRY OF FOOD (SHRI KALP NATH RAI): (a) The details of the installed capacity of the sugar mills which were set up from 1989-90 to 1992-93 sugar seasons (October—September) alongwith their Year-wise production for the above period are given in Statement (*See below*).

(b) The demand for sugar for the years 1993-94 to 1997-98 projected by the Committee constituted to formulate development programme for the sugar industry for the earlier 8th Five Year plan is as follows:—

| Year    | Internal Consumption (Lakh Tonnes) |
|---------|------------------------------------|
| 1993-94 | 126.41                             |
| 1994-95 | 132.73                             |
| 1995-96 | 139.37                             |
| 1996-97 | 146.34                             |
| 1997-98 | 153.66                             |

(c) The cost of production of sugar varies from factory to factory and from State to State depending on the technology used, the managerial efficiency, the price paid for sugarcane, recovery factors, etc Similarly, the landed cost of imported sugar would also depend on various factors such as the contracted FOB price, freight, insurance, etc.

(d) Import of sugar has been placed under Open General Licence (OGL) and the quantity to be imported would depend on the demand and supply position in the market.
