Bank Loans for Rehabilitation of Victims of Communal Disturbances

*419. SHRI K. RAHMAN KHAN: Will the Minister of FINANCE be pleased to state :

(a) the total number of loans given by banks to rehabilitate the victims of communal disturbances during Ayodhya disturbances ;

(b) whether complaints have been received by Government that the banks are not adhering to the instructions of Government; and

(c) what action Government propose to take to ensure that the instructions of RBI and Government are strictly implemented by the Banks?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI M. V. CHANDRASHEKHAR MURTHY) :

(a) Subsequent to developments in Ayo-dhya, Reserve Bank of India had advised banks to provide assistance on a priority basis to persons affected by riots/disturbances in various parts of the country. Government specifically monitored the progress of assistance by banks to affected persons in Mumbai (Maharashtra), Gujarat, Kamataka, Madhya Pradesh, Uttar Pradesh and Rajasthan. As per the latest information available from the convenor banks of these States, loans in 4432 accounts have been sanctioned to affected persons by banks.

(b) and (c) Complaints in regard to non-adherence of RBI instructions in this regard by banks, as and when received by Government, are taken up with the concerned banks for remedial action.

GDP and Fiscal Deficit

*420. SHRI KRISHAN LAL SHARMA: Will the Minister of FINANCE be pleased to state :

(a) whether it is a fact that per capita GDP has declined from \$ 330 in 1991 to \$ 300 in 1993;

(b) whether it is also a fact that the fiscal deficit has increased from 7.3 per cent of GDP in 1991 to 10.1 per cent in 1993;

(c) whether the present economic reforms have any bearing on these facts of the country's economy; and

(d) if so, the specific steps being taken in this matter?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI M. V. CHANDRASHEKHAR MURTHY) :
(p.) Central Statistical Organisation is the nodal agency responsible for preparation of National Accounts Statistics. These are published on a financial year basis at current and constant prices in Rupee Value only. As per their latest available figures per capita Gross Domestic Product at 1980-81 prices rose from Rs. 2547 (Quick Estimates) in 1992-93 to Rs. 2595 (Advance Estimates) in 1993-94. However, in dollar terms twenty sixth world Bank At-At-east published by the World Bank has reported per capita Gross National Product (GNP) figures for India. These are

4—10 RSS(ND)/95

US \$ 310 in 1992 as against US \$ 330 in 1991. These two set of figures are not comparable as the underlying methodology and the year of reporting differ.

(b) India's fiscal deficit as a percentage of GDP in 1993-94 has been estimated at 7.3 per cent of GDP and is expected to come down to around 6 per cent during 1994-95. As per the latest available figures (April—September, 1993) India's outstanding external debt (including defence debt) stood at Rs. 2,82,904 crore (US \$ 90.39 billion).

(c) and (d) The economy has emerged decisively from the crisis of 1990-91. The crisis reached its peak in the summer of 1991 when foreign currency reserves had plummeted to almost US \$ 1 billion, in flation had soared to an annual rate of 17 per cent and overall economic growth had declined to 1.1 per cent in 1991-92. The programme of stabilisation and economic reform measures put in place helped to restore economic growth (it was 4 per cent in 1992-93 and 3.8 per cent in 1993-94), brought down the rate of inflation, stimulated recovery in real investment, exports and a sharp increase in inflow of private foreign capital and foreign exchange reserves. The overall trends and developments in the economy are under constant review and monitoring and measures undertaken when ever deemed necessary.
