

Fertiliser production by PSUs and Private Companies

1361. SHRI TULASIDAS MAJJI;
DR. SHRIKANT RAM-
CHANDRA JICHKAR

Will the Minister of CHEMICALS AND FERTILIZERS b/a pleased to state;

(a) what are the names of public sector undertakings producing various types of fertilizers in our country as on 1st July, 1994;

(b) what is the total annual production of such fertilizers;

(c) the number of private companies producing such fertilizers and what is their total annual production;

(d) what is the annual gap between production and demand; and

(e) what measures are being taken to bridge this gap?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDU-ARDO FALETRO): (a) Following are the central public sector undertakings producing various types of fertilizers:

S.No. Name of the public sector undertaking

1. National Fertilizers Limited;
2. Rashtriya Chemicals and Fertilizers Limited;
3. Fertilizers and Chemicals Travancore Limited;
4. Madras Fertilizers Limited;
5. Paradeep Phosphates Limited;
6. Pyrites, Phosphates and Chemicals Limited;
7. Hindustan Fertilizer Corporation Limited; and
8. Fertilizer Corporation of India Limited.

Besides, Neyveli Lignite Corporation Limited Steel Authority of India Limited and Hindustan Copper Limited also produce small quantities of fertilizers.

(b) to (d) There are 17 fertilizer producing companies in the private sector. Besides there are about 78 units in the medium and small scale sector producing single superphosphate (SSP). The details of the production of fertilizers in 1993-94 in-terms of nutrients and the estimated demand (consumption) for 1993-94 are given below:-

(lakh MTs)		
S.No.	Sector	Production (N+P)
1	Public	34.47
2	Cooperative	20.01
3	Private	35.99
TOTAL:		90.47
		Estimated Demand (N+P+K)
		128.32

The gap between the production and demand is met through imports. The entire requirement of Potash (K) is imported as the country does not have any known and commercially viable reserves of Potash.

(e) As part of the plan to increase the production of fertilizers during the Eighth Five Year Plan and also to reduce the gap between the demand and indigenous production of fertilizers two ammonia-urea plants; one each at Babrala (Uttar Pradesh) and Shahjahanpur (Uttar Pradesh); are currently under implementation in the private sector. Besides, National Fertilizers Limited (NFL) and India Farmers Fertilizers Cooperative Limited (IFFCO) have taken up projects for doubling of the capacity of their gas based plants at Vijaipur (Madhya Pradesh) and Aonla (Uttar Pradesh), respectively. Revamping of plants of Madras Fertilizers Limited will also increase its fertilizer production capacity. Gas availability has also been indicated in Krishna-Go-davari Basin (Andhra Pradesh) for a medium size ammonia-urea plant.

Privatisation of public sector fertilizer units

1362. SHRI V. RAJESHWAR RAO:

DR. SHRIKANT RAM-CHANDRA
JICHKAR:

Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that the fertilizer producing units in the public sector are proposed to be privatised;

(b) if so, what is the actual plan for their privatisation;

(c) whether there is any opposition to this privatisation plan; and

(d) by which date these units will be privatised?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDU-ARDO FALEIRO): (a) to (d) No decision has been taken by the Government to privatise any of the public sector fertilizer producing units.

Proposal to set up drug unit in Orissa

1363. SHRI BHAGABAN MAJHI: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state;

(a) whether Government have a proposal to set up a basic drug unit in Orissa;

(b) if so, the site selected for the location of such drug unit; and

(c) the steps taken by IPCL or other concerning agency to set up that unit?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDU-ARDO FALEIRO): (a) No, Sir.

(b) and (c) Do not arise.

Variation in the rates of Urea and Phosphate

1364. SHRI BHUPINDER SINGH MANN: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) what are the rates of urea and phosphate in the indigenous market and in the International market;
