(b) and (c) Reserve Bank of India (RBI) has issued guidelines for financing Film Production to all commercial Banks on 14-5-2001. Most of the Banks are in the process of adopting the guidelines for implementation after due approval of their respective Boards. The scheme formulated by RBI is expected to enable extension of low cost institutionalized credit to the Film Industry. However, it is too early to indicate the amount of funding done by various Public Sector Banks at present.
