

compiling this information would not be commensurate with the results likely to be achieved. However, it is stated that prices of Scheduled medicines are fixed in accordance with the provisions of DPCO, 1987 after careful scrutiny of the recommendations of BICP, an expert Government body on Industrial Costs and Prices. This mechanism ensures that the increase in prices is correlated with the actual increase in the input costs.

In case of non-scheduled medicines, on the basis of a sample, analysis, it has been found that in 12-13% cases the

prices have recorded an increase of more than 100% over their prices prevailing at the time of announcement of DPCO, 1987.

(d) No; Sir. However, monitoring is done to the extent possible.

(e) A statement is enclosed. However, in view of profitability of the pharmaceutical units being generally below the levels prescribed in Scheduled V of DPCO, 87, Government's ability to intervene in pricing of non-scheduled formulations gets somewhat restricted.

#### Survey On Fertilizer " Corporation of India

3607. SHRI RAM RATAN RAM: DR. NAUNIHAL SINGH: DR. MURLI MANOHAR JOSHI: SHRI S.K.T. RAMACHANDRAN:

Will the PRIME MINISTER be pleased to state:

(a) what is the accumulated loss of the Fertilizer Corporation of India as on March 31, 1992;

(b) what is the loss incurred or profit gained by the Corporation during 1991-92 and the first six months of 1992-93;

(c) what steps have been taken by Government to make the Fertilizer Corporation of India a viable and profit making undertaking;

(d) whether any survey has been made

on the sickness of the Corporation; and if so, what are the findings;

(e) what are the month-wise production of urea and other chemical fertilizers in each of the unit of the Corporation in 1992; and

(f) whether the Talcher and Ramagundam units have shown any profitable trend?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN): (a) and (b) The accumulated loss of the Fertilizer Corporation of India (FCI) as on 31st March, 1992 was Rs. 1610.78 crores. After adjustment for prior period, the company incurred a net loss of Rs. 225.41 crores during the year 1991-92. The loss for the first six months of 1992-93 is estimated at Rs. 161.76 crores.

(c) and (d) Based on regular

performance appraisals of the company, it has been found that the company has incurred losses mainly on account of poor capacity utilisation arising from equipment design deficiencies, prolonged power cuts, non-availability of raw materials and spares due to severe fund constraints, etc. FCI has submitted proposals for rehabilitation/ revamp of its various units, as also proposal for restructuring of FCI. Since these proposals involve heavy budgetary support from Govt., no decision has been taken. Meanwhile, the company has been declared as sick by the Board for Industrial and Financial Reconstructions (BIFR) with a direction to the Government to present a revival package by 31.3.1993.

During the current financial year, FCI has been provided non-plan budgetary support of Rs. 18.74 crores by the Government to meet the working capital needs and other liabilities despite the severe budgetary constraints. The company, is also being paid its subsidy dues regularly. In addition, its Ramagundam and Talcher units have been given extra allowance in consumption norms & capacity utilization under the Retention Price-cum-subsidy Scheme in view of the vintage of these plants.

(c) The month-wise production of urea in each of the units of FCI during the calendar year 1992 are as under:—

*Production*  
UREA (000 MT)
