SHRI SUNDER SINGH
BHANDARI:

Will the Minister of DEFENCE be pleased to state:

(a) the area of cantonment lands in the country lying unutilised as on May, 31, 1992;

(b) whether there is or was any proposal to utilise the lands under the cantonment Boards for civilian purposes;

(c) whether any proposal has been mooted to transfer the land under Cantonment Board, Pune or any other Cantonment Board for civilian purposes;

(d) whether the army or any other defence wing had opposed the transfer of the Cantonment land; and

(e) if so, the details thereof??

THE MINISTER OF DEFENCE (SHRI SHARAD PAWAR): (a) to (e) No assessment of Defence lands lying unutilised in Cantonments, as on 31-5-1992, was undertaken. Lands in Cantonments are earmarked for the present and future needs of the Armed Forces. Lands apparently lying vacant are not necessarily surplus to Defence requirements as they may have been kept variant for various military reasons, such as security, safety requirements, training purposes, etc. or for future use because of paucity of funds to undertake planned constructions.

No proposal has been initiated to declare lands in Pune or any other Cantonment as surplus to Defence requirements. The present policy

permits allotment of lands in Civil Areas of Cantonments, not required by the Armed Forces and Cantonment Boards for municipal purposes, to Group Housing Societies of Cantonment Board employees belonging to the weaker sections/cooperatives of serving and retired Defence personnel. The land policy also permits grant of leases of lands to public institutions, such as Post Offices, Banks, Schools and public utility concerns, including recognised and well-known educational and charitable institutions run by registered societies or public trusts, on the merits of each case, by the Government, where such lands can be spared.
