(b) and (c) A study by Programme Evaluation Organisation (PEO) of the Planning Commission regarding Targeted Public Distribution System (TPDS) which covered 18 States reveals that though the offtake per household has shown improvement under TPDS, yet only about 57 per cent of the BPL households are covered by it. Further the report finds that only about 42 per cent of the subsidized grains issued by the Central Pool reaches the target groups. Based on evaluation studies and feedback received from States, a nine point action plan has been jointly formulated by the Central and the State/UT Governments, in 2006-07, to strengthen the Targeted Public Distribution System (TPDS). These include regular reviews of the BPL and Antyodaya Ann Yojana (AAY) lists to ensure coverage of eligible families, involvement of Panchayati Raj Institutions in the Public Distribution System (PDS) operations, use of information technology, creating awareness among public about PDS operations, etc.

(d) The following are the major steps taken to create jobs in tribal and rural areas to bridge inter-regional imbalances and economic disparities:

- The National Rural Employment Guarantee Scheme guarantees wage employment of 100 days, in a financial year, to each household whose adult member volunteer to do unskilled work. The scheme has proved an important measure of empowerment of Scheduled Castes and Scheduled Tribes. It has been extended to all 596 rural districts in the Union Budget 2008-09.
- Financial support to Scheduled Tribe beneficiaries/ entrepreneurs in the form of term loans and micro credit at concessional rate of interest for income generating activities.
- Tribal Cooperative Marketing Development Federation of India Ltd. (TRIFED) is engaged in marketing development of tribal products and their retail marketing through its sale outlets.
