Shortage of medical personnel

876. SHRI A. ELAVARASAN:

SHRI PRAKASH JAVADEKAR:

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether it is a fact that there is severe shortage of medical personnel in primary health centres especially in rural areas;

(b) if so, the steps taken by Government to post sufficient number of doctors and health personnel at primary health centres; and

(c) the total number of doctors presently working and newly appointed from the last three years at primary health centres, State-wise?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRIMATI PANABAKA LAKSHMI): (a) There is a shortfall of 7142 Health Assistants/(Female)/LHV, 6261 Health Assistants/(Male)/LHV, 1410 Doctors at Primary Health Centres (PHCs) across the India.

(b) Human resource engagement is a major thrust area under NRHM and is a priority being pursued with the States. The various initiatives include contractual engagement of health staff based on local residence criteria, multi-skilling of doctors and para-medics, provision of incentives to serve in rural areas like blended payments, difficult area allowances, PG allowance, case based payments, improved accommodation arrangements, provision of AYUSH doctors and paramedics in PHCs and

CHCs as additional doctors in rural areas, block polling of doctors in underserved areas, engaging with the non-government sector for underserved areas through contracting in or contracting out of human resources, empowering the community to exercise greater control over healthcare facilities, provision of untied and flexible funds are a few of the many measures being undertaken to ensure proper healthcare facilities for the rural poor in the country. A national workshop on human resources has been organized from 16-18 October, 2008 with all State Health Secretaries/Directors Health and Mission Director NRHM.

Further State Governments have taken a number of initiatives to ensure presence of doctors in rural areas such as:

- Compulsory rural/difficult area posting for admission to post-graduate courses and as a pre-requisite for promotion, foreign assignment or training abroad;
- Compulsory rotation of doctors on completion of prescribed tenure as per classification of locations;
- Contractual appointment of doctors;
- Option to forgo non practicing allowance and undertake practice without compromising on assigned duties, as per the service rules, offering incentive in form of allowance etc.;
- Manning of PHCs by NGOs/ Non Government Stakeholders;
- Involvement of medical colleges.

(c) The doctors in position in PHCs as on September, 2005, March, 2006 and March, 2007 are 20308, 22273 and 22608 respectively. State-wise detail of doctors at PHCs are given in Statement-I, II, III (*See below*). Moreover as on 30.4.2008, as reported by States, a total of 6271 doctors have been appointed on contract basis under NRHM.
