

the earnings from turn-key and project exports should also be treated at par with other exports for Income Tax concessions; and

(b) if so, what is the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI RAMESHWAR THAKUR): (a) Yes, Sir.

(b) Under Section 80HHC, exemption from income tax is allowed for the entire profits and gains derived by an assessee from the export of goods or merchandise mentioned in that Section. However, under Section 80HHB, exemption is allowed only for 50 per cent of the profits and gains from execution of any project or work outside India. This distinction has been deliberately maintained after taking into account the extent of fiscal support needed for sustaining and encouraging exports of the two categories mentioned earlier. While commodity exporters are allowed 100 per cent exemption taking into account the comparative disadvantage faced by them in the international market, profits on project exports do not justify exemption in excess of the present fifty per cent.

Directive on saving foreign exchange

836. SHRI KRISHAN LAL SHARMA: Will the Minister of FINANCE be pleased to state:

(a) whether it is a fact that sometime back directives were issued against the outflow of foreign exchange in view of foreign exchange crunch;

(b) what is the amount of foreign exchange spent during this financial year as compared to the corresponding period last year; and

(c) what is the impact of the directive on the saving of foreign exchange and what further steps are being taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI RAMESHWAR THAKUR): (a) Yes, Sir. The Reserve Bank of India had issued a number of circulars mainly affecting imports to contain outflow of foreign exchange.

(b) Foreign exchange spent on imports during this financial year between April 1991 to December 1991 was Rs. 34,238 crores (\$ 14272 million) compared to Rs. 31,724 crores (\$ 17,962 million) during the corresponding period last year.

(c) As a result of restrictions combined with a number of other measures to contain outflow of foreign exchange and increase the inflow, the foreign exchange reserves increased from Rs. 4388 crores at the end of March, 1991 to Rs. 11,424 crores as on February 22, 1992. However, RBI has removed the restrictions in respect of imports of raw material and components and relaxed substantially the earlier restrictions in respect of imports of capital goods. These steps have been taken to facilitate, inter alia, increase in exports and thus, earn more foreign exchange.
