(i) The Transport Department has been implementing a plan scheme control of air pollution from exhaust of motor vehicles*.

(ii) Free facilities of pollution checking have been provided-

(iii) The Transport Department has-formulated a detailed scheme in July 1990 for certification of pollution standards of private vehicles registered in Delhi. Under the scheme vehicle owners have to obtain pollution control check certificate for their vehicles according to their registration numbers as per prescribed time schedule. For this purpose 15 private workshops and petrol pumps have been authorised to provide pollution checking and tuning facilities. These centres have provided pollution checking facilities to approximately 6.86 lakhs vehicles between July 1990 and January 1992. Approximately 2.01 lakh polluting vehicles were tuned and their pollution level brought within prescribed standards. A total number of 12.68 lakh vehicle owners have availed pollution checking facilities between March 1990 and January 1992 and approximately 1.67 lakh vehicle owners have been issued warning slips for non-compliance of standards prescribed in the Central Motor Vehicles Rules, 1989.

(iv) A prosecution drive was launched in the month of April 1990. 4901 vehicles have been challened till January 1992 in accordance with the provisions of Motor Vehicles Act, 1988.

(v) Certificate of fitness of approximately 5330 transport vehicles has been cancelled and their vehicle owners have been instructed to bring their vehicles the prescribed standards before obtaining certificate of fitness.

(d) The steps taken by the government to check pollution in the capital include the following:—

(1) Gross emission standards for all types of on the road vehicles have been notified under the Motor Vehicles Rules 1989, and these have come into force from March 1, 1990.

(2) The Ministry of Surface Transport have advised the various State Transport Directorate including Directorate of Transport . Delhi Administration to enforce the gross emission standards.

- (3) Every manufacturer of Motor Vehicle is required to submit the prototype of the vehicles manufactured for test by an agency specified by the government, and give certificate of conformity of production on the compliance of the provisions of the Rules including emission standards. The provision has come into force from April 1, 1991.
- (4) The mass emission standards for vehicles have been notified under the Motor Vehicles Rules 1989. The standards for petrol driven vehicles have come into force from April 3, 1991 and the standards for diesel driven vehicles shall come into force from April 1, 1992.
- (5) Regular enforcement drive is being carried out on the roads of the capital against the vehicles which are not conforming to the prescribed standards.
- (6) Directorate of Transport, Delhi Administration has launched an awareness campaign about vehicular pollution, health hazards as well as maintenance of procedures to control vehicular pollution.
- (7) Checking facilities have been provided to assess pollution from vehicles as well as facilities for rectification by tuning of the engine.
- (8) The government has started a programme of running battery powered buses so as to minimise vehicular pollution and improve the ambient air quality in congested areas of traffic.
