MISS SAROJ KHAPARDE: SHRI
RAM JETHMALANI: Will the PRIME
MINISTER be pleased to state:

(a) whether it is a fact that Government
propose to cut down or withdraw fertili-

zer subsidy on the ground of resource crunch;
what is the response of Govern-ment to the
demand of IMF loan for a cut in the fertilizer
subsidy;

(b) whether it is also a fact that Gov-
ernment subsidy on fertilizers imported from
aboad has increased and on the other hand the
Government subsidy on fertilizers produced
indigenously has come down; and

(c) if so, what is the total amount of
subsidy given on the imported fertilizers and
on the fertilizers produced indigenously
during the year 1990-91 and during
this year to date?

THE MINISTER OF STATE IN THE
MINISTRY OF CHEMICALS AND FER-
TILIZERS (SHRI CHINTA MOHAN): (a)
No demand has been made by IMF

during preliminary discussions for a cut in fertilizer subsidy.

The subsidy on low analysis fertilizers such as Ammonium Sulphate, Calcium Ammonium Nitrate, Ammonium Chloride and Sulphate of Potash, which are sold in comparatively small quantity, has been withdrawn and the maximum sale price of other fertilizers has been increased by 40 per cent on an average, by an order issued by the Government on 25th July, 1991.

(b) and (c) During the last three years, the amount of subsidy paid on indigenous fertilizers and on imported fertilizers has been as follows:

(Rs. in crores)

Year	Amount of subsidy on indigenous fertilizers	Amount of subsidy on imported fertilizers
1988-89	3,000.0	200.70
1989-90	0	771.10
1990-91	3,771.00	659.33

The above figures do not indicate any definitive trend as between indigenous and imported fertilizers.

The amount of subsidy paid for indigenous and imported fertilizers during the period from 1-4-1991 to 30-6-1991 is Rs. 1043.47 crores and Rs. 190.82 crores respectively.

THE MINISTER OF STATE IN THE MINISTRY OF PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS (SMT. MARGARET ALVA): (a) and (b) Yes, Sir.
