Statement

Criteria adopted for Selection of Women's Hockey Team for the Beijing Asian Games, 1990.

The selection of the members of the national teams is done by the Selection Committee set up by Government with the President of the concerned Federation as Chairman and comprising also of the Na-

tional Coach, SecretaryjSecretary General of the Federation, a representative of the Sports Authority of India and an ex-international sports person (preferably an Arjuna Awardee) as Government nominee • on the Committee.

While making selections the Committee is required to strictly adhere to the minimum norms of physical fitness, skill and performance levels as prescribed by the - Sports Authority of India.

The number of selected sportspersons for the preliminary camps will be restricted to about 2 to 3 times the number of participants plus 6 to 10 elite juniors, who are likely to make the grade during the preliminary camp.

The above Committee meets periodically ' to evaluate the performance and progress of the sportspersons in the coaching camps and will keep on eliminating such sports* persons whose performance is not progressing satisfactorily, so that only the very best remain for the substantive coaching camps.

The Committee can also, withC the prior approval of Director-General, Sports Authority of India, include in the substantive camp such of the sportspersons who may not have participated in the preliminary coaching camp but fulfil the criteria laid down for being inducted into the substantive coaching camp after satisfying itself of the reasons for such persons not participating in the preliminary coaching camp.

The national teams are selected by the above Selection Committee out of these sportspersons.

Teams which qualify themselves through preliminary tournaments according to qualifying procedures set by organisers of such championships themselves, will be cleared for participation in the championships. Where no such qualifying procedures are prescribed, participation in the championships will be permitted if the national team reached the semi-final in either the most recently held Asian Games or the mOSt: recently held Asian Championships in the discipline concerned.

The teams failing to so qualify will not generally be cleared. However, there may be a few cases where a team has demonstrated such qualitative improvement that it stands a very high chance of reaching at least semi-finals, such teams may be allowed to participate, notwithstanding the above criterion.
