

(c) if so, when were such instructions sent and what action has been taken by BICP;

(d) what are the names of combinations for which prices have been worked out and fixed by his Ministry; and

(c) what was the earlier price of each and what is the price fixed?

THE MINISTER OF PETROLEUM AND CHEMICALS AND PARLIAMEN-TARY AFFAIRS (SHRI SATYA PRAKASH MALAVIYA): (a) to (e) Government has issued clarifications to Bureau of Industrial Costs and Prices stating that any combination formulation containing any price controlled drug will be under price control. After the promulgation of 1987 DPCO, guidelines were issued wherein it was stated that any combination formulation containing a non-scheduled drug as a major ingredient will be outside price control provided Drug Controller (India) certifies that non-scheduled bulk drug is major ingredient in that combination. Since Drug Controller (India) did not give any such certificate in respect of any of the combination formulations, all formulations containing scheduled drugs were considered as price controlled, and all the prices recommended by BICP after the promulgation of DPCO 1987 were based on this principle.
