

THE MINISTER OF STATE IN THE MINISTRY OF ENERGY (SHRI BABANRAO DHAKANE); (a)

According to the CEA, during April-November, 1990, the energy requirement in Rajasthan was 7170 MUs against which the availability was 7065 MUs.

(b) The anticipated energy requirement in Rajasthan during 1990-91 will be about 11700 MUs as compared to 10532 MUs during 1989-90.

(c) The revised scheme (2x250 MW) Stage-I of Suratgarh was techno-economically appraised by the Central Electricity Authority in October, 1990 subject to certain inputs/clearances being tied up by the Rajasthan State Electricity Board. The scheme could be accorded techno-economic clearance as soon as all the necessary inputs/clearances are tied up by the RSEB. The site for the proposed Dholpur Thermal Power Project (3x210 MW) was rejected by the Department of Environment as it was likely to have adverse effect in environment and on Taj Mahal. The RSEB was accordingly informed, to locate an alternative site and submit the Revised Project Report which is still awaited. The selection of the alternative site by the RSEB is in progress.
