for social security for agricultural workers and, therefore, I recommend that this Bill should also contain some sort of insurance to the workers where the State can make a partial contribution for the protection of agricultural workers. Agricultural labour is a seasonal labour and most of the farm hands are idle during a greater part of the year. In order to create employment avenues during this period I recommend that Government should come forward with a land army corporation which may be implemented at the district and State level which can take over development work, and use these workers in social forestry which is the need of the hour. With these few words I again support the Bill moved by my colleague, Mr. Balaram.

Prevailing Tension in Orissa due to the Anti-reservation agitation.

S SHRI SANTOSH KUMAR SAHU (Orissa): Sir, I stand here with a heavy heart. I do not want to import politics into the issue. Sir, it is a very serious situation which is prevailing in Orissa. The newspapers have come out with the news

that shoot-at-sight orders have been issued in Cuttack and also one person has been killed. Sir, whoever it may be, whenever a person is killed, our first duty is to pray that his soul may rest in peace.

Sir, the situation is very serious. The curfew has been extended today. Train services have been disrupted. The National Highway which connects Andhra Pradesh and West Bengal through Orissa has been blocked. The whole State is engulfed in lawlessness and chaos. Unfortunately, Sir, when the situation is so bad and so serious there, I see today in the newspaper, "The Times of India", a news item giving the statement by the spokesman of the Government that there is no caste included in the Mandal Commission Report which was suggested or supported by the Orissa Government. Sir, this is very unfortunate. If this had been told earlier, at the beginning so much of communal tension, so much of lawlessness, so much of loss of lives and so much of damage to valuable property could have been averted.

Sir, in its eagerness to give effect to the Mandal Commission Report, the Government has announced it with a political motive even without having a consensus, even without consulting the Janata Dal Chief Ministers. The announcement was made today after sixteen days of the PM's declaration and much water has flowed under the bridge and the river Mahanadi is tainted with blood, and it is because of the communal tension now.

If the Mandal Commission does not apply in Orissa as the list is not finalised... (Interruptions) Please hear me. If clarifications had been given from the beginning, today so many lives would not have been lost. Today in different
