Rejection of Rice by Foreign Buyers

*30. SHRI ISH DUTT YADAV: Will the Minister of FOOD AND CIVIL SUPPLIES be pleased to refer to the answer to Unstarred Question 1893 given in the Rajya Sabha on the 10th March, 1989 and state:

'(a) what was the total quantity of rice rejected by the foreign buyers of

NCCF, at Kandla Port during 1981-82, as being of inferior and sub-standard quality, apart from that damage due to the reported cyclone;

(b) what was the exact amount of rebate given per M/T, in U.S. dollars, on this rejected quantity of rice; and

(c) what disciplinary action had been taken against the concerned Regional Manager and his staff for procuring and despatching this inferior and sub-standard quality of rice to Kandla, resulting in loss to the Federation?

THE MINISTER OF FOOD AND

CRM. SUPPLIES (SHRI NATHU RAM MIRDHA). (a) NCCF have reported that 10773 MTs. of IR-8 rice and 7073 MTs. of PIM06 rice were found to be containing higher broken percentage and consequently could not be loaded to the ships before the rain and cyclone at the Kandla Port.

(b) The rebate of US \$ 10.00 per M.T. was allowed for the shipment of 9552 MTs. of IR-8 rice as per records of NCCF.

'(c) The stocks were certified to be export worthy as per the specifications of foreign buyer at the procuring centres. The stocks were rejected mainly on account of higher broken percentages "which was due to prolonged storage in the open space at Kandla Port in extreme heat, on account of delay in nomination of vessels by the foreign buyers, congestion in Kandla Port and non-receipt of polythene packing bags from the importers' agent.

No action has been taken against the then Regional Manager '(NY and the staff in this matter.

The NCCF have filed a case in the High Court of Delhi against the Insurance Company and the matter is sub-judice.
