#### Improvement in the telegraphic system

3303. SHRI K. V. THANGKABALU: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Government are aware of the public dissatisfaction with the telegraphic system;

(b) whether it is possible to refund the amount for all telegrams not delivered within 24 hours; and

(c) what measures Government are taking to improve the telegraphic system to achieve at least their 95 per cent timely delivery?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI GIRIDHAR GOMANGO): (a)

Although some complaints have been received from the members of public against delay in delivery of telegrams and poor service in remote rural areas, there has been significant improvement in the telegraph service in the country.

(b) It is possible to refund the telegraph charges for telegrams not delivered within 24 hours if the telegram has not served its purpose.

(c) The Department has initiated the following measures to improve the telegraph system:

1. Providing standby power supply units in Telegraph Offices in a phased manner to combat load shedding;

2. Using insulated wire in fault prone jungle of plantation areas to reduce fault incidence, on telegraph circuits working on open wire lines;

3. Installation of store and forward message switching systems to avoid manual transiting and to reduce consequent delays and congestion of traffic;

4. Replacement of electromechanical teleprinters and morse key system with electronic teleprinters and electronic key boards.
