

subscriber's telephone by unauthorised persons. Would you fit some device in the subscriber's telephone so that he will be able to know has made the call?

SHRI SANTOSH -MOHAN DEV: As I said, when computerisation is done, in the case of STD, we will be able to give the exact number to which the caller has made the call. Now, we cannot give it. I agree. But we will monitor it and if there is any mistake, we take certain measures to see that the grievance is redressed. As I said, we are taking steps. But this is subject to the availability of funds which are very limited. But we will do it gradually so that this is eliminated.

SHRI MUKHTAR SINGH MALIK: Sir, this question has been agitating our minds and this has been discussed many times in this House. The reply of the hon. Minister has always been a routine one. The Minister has very conveniently chosen to defend his officers by saying that they are not responsible for the mischief.

MB. CHAIRMAN: Questions Hour is over.
