#### Indo-French Collaboration in Establishment of an Hatchery in Orissa

@1576. SHRI BASUDEV MOHAPATRA : Will the Minister of COMMERCE be pleased to state:

(a) whether there is any proposal under Government's consideration to establish a hatchery at Gopalpur in the State of Orissa with the collaboration of French Government; and

(b) if so, what are terms of the agreement?

THE MINISTER OF COMMERCE (SHRI P. SHIV SHANKER): (a) and (b) No, Sir. However the Marine Products Export Development Authority is establishing a prawn hatchery at Gopalpur in the State of Orissa with the technical assistance of M/s. France Aquaculture Paris, a French Limited Liability Company. The technical assistance includes transfer of technology, selection of site, preparation of detailed project report, construction and installation of machinery and equipments, and training of staff.

@Previously Unstarred Question 1239, transferred from the 6th March, 1987.

#### Discharge of Effluents in Yamuna

1577. SHRI V. GOPALSAMY :  
SHRI K. GOPALAN :

Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) how much industrial and domestic effluents are discharged at present into the river Yamuna in Delhi;

(b) how much of it has been chemically treated to remove pollution and how many waste water treatment plants are presently working;

(c) what is the quality of water of Yamuna from Delhi to Agra at various spots; and

(d) whether any steps are being taken to improve the quality of water in Yamuna in the near future?

THE MINISTER OF ENVIRONMENT AND FORESTS (SHRI BHAJAN LAL) : According to the estimate of the Central Pollution Control Board made in September, 1986, 900 million litres of industrial effluents and 2,500 million litres domestic effluents are discharged per day into the river Yamuna.

(b) 1,500 million litres of effluents are physico-chemically treated per day. Three waste water treatment plants are presently working.

(c) Quality of water of Yamuna from Delhi to Agra at various places is as follows:

Place	Quality of water as measured in terms of Biochemical Oxygen Demand (BOD)—milligrammes per litre
Wazirabad (upstream)	3.3
Ring Road (Delhi, downstream)	10.0
Mathura (upstream)	4.7
Mathura (downstream)	6.3
Agra (up stream)	8.0
Agra (down stream)	10.8

(d) A number of steps have been taken which include the following:—

(i) The industries have been directed to comply with the effluent standard on a time bound basis;

(ii) Legal action has been taken against the defaulting units; and

(iii) Schemes have been launched for augmentation/ renovation of existing sewage treatment facilities and installation of systems for diversion of sewage effluents to prevent its flow into the river.

#### Export of Food Items to Sri Lanka

1578. SHRI V. GOPALSAMY:

SHRI T. R. BALU:

Will the Minister of COMMERCE be pleased to state:

(a) what quantity of food items were exported to Sri Lanka during the last three years, itemwise and year-wise;

(b) whether Government have received any representation to ban export of Food items to Sri Lanka in view of continued ethnic genocide; and

(c) if so, what is Government's reaction thereto?

THE MINISTER OF COMMERCE (SHRI P. SHIV SHANKER): (a) A statement indicating export of food items to Sri Lanka for 1983-84 and 1984-85 is annexed. (See below). Country-wise export data for 1985-86 has so far not been compiled.

(b) No, Sir.

(c) Does not arise.

#### Statement
