

MR. CHAIRMAN; He is asking whether you propose to appoint a committee.

SHRIMATI SUSHILA ROHATGI- No, 'Sir.

SHRI GURUDAS DAS GUPTA: Sir, is she aware of the problem?

MR. CHAIRMAN; Yes, Dr. Shanti Pate!.

DR. SHANTI G. PATEL; Sir, i un-derstooa the Minister to say in one of her replies that due to untimely and unseaso-nal rains probably this seepage or leakage occurred. She has also said in one of her replies that many foundries have come up and also the Mathura Refinery has come up there. In this context, may I know from the honourable Minister whether periodical inspections are being arranged and, if so, at what intervals and how did this particular damage go unnoticed?

SHRr P V. NARASIMHA RAO: Sir, she has already replied that regular monitoring is being done and as the monument becomes older, we have to be even more careful about its upkeep. All that is being looked into. I would like to assure the honourable Member that on the part of the Government there is absolutely nothing remiss.

DR. SHANTI G. PATEL; I would like to know how so many foundries have come up during this period to such an extent that such a damage has taken place. If all the monitoring inspections had been carried out according to certain standards, these things could have been prevented and that is all that I wanted to say.

SHRI P. V. NARASIMHA RAO: It is very clear that these foundries have not been proved to have any effect on the Taj. We have gone into the details of the damage and that damage is structural in the sense that because of the lapse of time that there has been some rusting. Those things have been removed. Those parts have been replaced and there has been no complaint. So it is not something coming from outside as one can see, but something inside happening. This

happens with most of the old buildings.; That only shows that we have to be doubly careful and let not things go out of hand. That is being looked into.

MR. CHAIRMAN: Mr. Hari Singh Nalwa.

SHRI HARI SINGH NALWA: May I know from the hon. Minister what is the ' difference between Taj Mahal and love? ! (Interruptions).

SHRIMATI SUSHILA ROHATGI: The Member himself would be in the correct position to interpret it in any way he likes. (Interruptions).

MR. CHAIRMAN: Next question.

श्री रामचन्द्र भारद्वाज : मान्यवर, मैं माननीय मंत्री जी से यह जानना चाहता हूँ कि क्या दिसम्बर '83 में भी इसी संबंध में इसी प्रकार का कोई साक्षात्कार उन पदों के लिए हुआ था और यदि हुआ था तो क्या कोई पैनल तैयार हुआ था और यदि पैनल तैयार हुआ था तो उस पैनल का क्या हुआ ?

श्री पी० बी० नरसिंह राव : पैनल तैयार हुआ था और अब यह कहा जाता है कि पैनल में जितने लोग थे उनकी संख्या बहुत ज्यादा थी और जितनी वैकेंसीज खाली थी वह कम थी। इसलिए उस पैनल में जो बाकी थे उनके नाम बाद में काट दिए गये। इस बारे में अभी हाई कोर्ट में मुकदमा चल रहा है और जब हाई कोर्ट का फैसला आयेगा तो फिर उससे पता चलेगा कि किसकी क्या गलती थी और क्या हुआ था। मैं समझता हूँ कि अभी इसके ऊपर कुछ कहना या कुछ पूछना उचित नहीं होगा क्योंकि यह मामला सब-जुडिस है।
