

ments covering 3.34 and 140 M/s. Terminal Equipment. The tenders are under evaluation stage.

(c) TRC/ITI does not have adequate capability of manufacturing electronic Components for complete range of transmission Systems on Optical Fibre Cables.

(d) The question of ignoring M/s ITI does not arise.

Threatening telephones calls

2284. PROF. C. LAKSHMANNA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether there is any device to locate the callers making threatening and nuisance calls; and

(b) if so, what are the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF COMMUNICATIONS (SHRI RAM NIWAS MIR-DHA): (a) Yes, Sir.

(b) In all types of automatic exchanges, facilities exist for detecting malicious calls on specific demand by subscribers. In case of any malicious call being detected, action is taken by the Department as per Indian Telegraph Rules on delinquent calling subscriber. Tracing of such malicious call in multi-exchange areas is, however, tedious job.
