2675. SHRIMATI OMEM MOYONG DEORI: Will the PRIME MINISTER be pleased to state:

(a) whether Government are aware that many development plan schemes concerning agriculture, irrigation, soil and water conservation, drinking water supply, education and health in backward areas like Arunachal Pradesh remain unexecuted due to absence of proper manpower;

(b) whether Government are aware that due to ban on creation of posts—both plan and non-plan, suitable staff are not available; and

(c) if so, what steps Government are taking to lift the ban on creation of posts especially for backward areas like Arunachal Pradesh?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI K. R. NARAYANAN): (a) According to information available, most of the Sixth Plan outlays has been utilised, though there have been shortfalls in certain sectors because of constraints of transport, availability of materials etc. No major instances of non-execution of schemes in the North Eastern Region on account of lack of manpower has come to the notice of the Government. Further, an institute called the North Eastern Regional Institute of Science and Technology has been set up at Itanagar to produce trained skilled manpower.

(b) and (c) The ban on creation of posts was imposed by the Government for reasons of economy. However, in regard to proposals relating to creation of posts in the Union Territories of the North-East Region including Arunachal Pradesh, Government considers sympathetically such proposals where justification is established, in relaxation of the ban.
