

ana Mimatnagar. It is the intention of Government to set up one Nehru Yuvak Kendra in every district of the country including those in tribal areas of Gujarat during the Seventh Five Year Plan period. The enrolment of students in Gujarat under National Service Scheme also serves the same purpose. Besides, financial assistance is available to voluntary youth agencies.

(c) There exists an allocation of Rs. 395 lakhs in 1985-86 for the activities of the Nehru Yuvak Kendras and of about Rs. 18 crores for Central youth programmes as a whole. Allocation of funds is not made State-wise. Each Kendra is provided up to Rs. 1.68 lakhs for its activities in one financial year and expenditure on other youth schemes depends on the activities undertaken in the State concerned. The allocations for youth programmes in the Seventh Five Year Plan will depend on available resources.

(d) Welfare activities aim at development of the personality of the youth; through social service and other beneficial activities. While the schemes the Department do not offer employment directly, the vocational training programmes run by it and the general awareness created among youth through them increase the employment potential of young persons.
