Fall in Prices of Copra, Rubber and Tobacco etc.

2047. **SHRI A. VIJAYA RAGHAVAN:**

SHRI KORAMBAYIL AHMMED HAJI:

Will the Minister of AGRICULTURE be pleased to state:

(a) whether Government have taken any steps to arrest the fall in the prices of the agricultural products like copra, rubber, tobacco, rice, etc.;

(b) if so, the details thereof;

(c) what are the steps being taken by Government to ensure remunerative prices for agricultural products; and

(d) the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI S.B.P.B.K. SATYANARAYANA RAO):

(a) to (d) Yes Sir. The prices are determined by demand and supply factors and in order to arrest the decline in prices of some of the agricultural commodities, action has been taken on both these variables. In order to boost the demand the nodal agencies have been asked by the Government to procure commodities like copra,

rice, tobacco etc. which are covered under support price operations. To discourage imports so as to reduce the supply of these commodities, import duties have been levied on these commodities. In order to ensure remunerative prices to the farmers, twenty-four major agricultural commodities, including rice, copra and tobacco are covered under the Minimum Support Price (MSP) scheme. The details of action taken are as follows:—

Rice—The import duty has been increased to 80% on rice in the husk and husked brown rice. For semi-milled and wholly milled rice, the import duty has been increased to 70%. As on 31.7.2000 the total procurement by Central Pool agencies was 16.65 million tonnes.

Copra—A basic import duty of 35% has been levied on copra. Copra has also been placed in the Restricted List of imports. As on 7th August, 2000 NAFED had procured 77,329 tonnes of milling copra in copra growing States.

Tobacco—A basic import duty of 35% has been levied on tobacco. STC procured 5.73 million kgs. of tobacco as on 7th August, 2000.

Rubber—A basic import duty of 35% has been imposed on rubber. STC has been asked to procure upto 20,000 tonnes natural rubber on Government account and supply to advance License holders on the basis of indents placed by them. The import of natural rubber has been suspended w.e.f. 20th February, 1999. In order to promote the demand of rubber, *inter alia*, excise duty on articles of rubber has been reduced from 24% to 16% CENVAT.
