Training of Navy Pilots through Flying Clubs

2102. SHRI SURESH KALMADI;

SHRI S. W. DHABE;

With the Minister of DEFENCE be pleased to state;

(a) whether it is a fact that the Indian Navy have to depend on Flying Clubs for training of their pilots;

(b) whether it is also a fact that the training imparted by the Flying Clubs do not conform to the standard as provided by the Indian Air Force Training Centres; and

(c) if so, whether Government would consider availing of the IAF training facilities for the trainee pilots of the Indian Navy in an increased manner and discontinue the practice of having training at the Flying Clubs?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (SHRI K. P. SINGH DEO): (a) Yes, the Navy is currently depending on Flying Clubs for a part of its training requirements.

(b) It is true that the training imparted by the Flying Clubs is not of the same standard as imparted by the Indian Air Force. It is because of this that the Flying Club training is supplemented and reinforced with further training in Naval aircraft, which brings the trainees upto the standard.

(c) A long term training programme is under consideration, which contemplates also decreased dependence on Flying Clubs by virtue of the augmentation of the Air Force's training capabilities
