(c) whether it is a fact that when Consumer Associations represented to Government for reduction of price/import duty of soda ash, they were informed that such questions will be examined by the High Powered Committee;

(d) whether it is also a fact that producers of soda ash have increased the price; and

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI R. C. RATH):

(a) to (c) Yes, Sir.

(d) and (e) At present, there is no statutory control on the price of Soda Ash. However, the prices of the producers are being informally monitored. Recently when the manufacturers informed about the increase in prices in the wake of factors like, increase in the price of coal, railway freight, cost of bagging, the matter was reviewed to assess primarily whether the increase in price was commensurate with the increase in prices of these factors. The producers have also been asked to re-examine whether the quantum of increase was justified.
