

Statement

Guidelines relating to transfer and posting of officers of CIS

1. Transfer of officers should be governed by a careful career management Policy. Officers appointed to Grade-IV, Grade-II and Grade-III either on direct recruitment basis or on promotion should ordinarily be required to complete six years in a media unit. Direct recruits to these grades should preferably be exposed to the experience of work in two media units one of which should be the information side of the news side—Officers belonging to Grade-I and above would be required to complete a period of five years in a media unit before transfer. While transferring officer in Grade-I, efforts should be made to consult the Media Head,

2. Whenever transfer of an officer from one place to another becomes necessary for filling vacancies in various grades, officers below 55 years of age will be transferred in the order of their length of stay in a particular place.

3. During the last three years of service of an officer, efforts will be made to give him a posting of his choice to the extent possible.

4. Officers who refuse promotion on transfer to places outside the places of their posting will be debarred for promotion for a period of six months from the date of order of transfer. In the event of their refusing promotion on transfer subsequently to an outside station they will be deemed to have been debarred till the next D.P.C. panel is prepared.

5. Media Heads are authorised to transfer Grade-IV and Grade-II and Grade-III officers within their Media Units.
