(iii) The message of the Prime Minister for the Campaign has been given the widest possible publicity. Special steps have been taken to mobilise political and popular support to intensify Media efforts, improving the quality of services and monitoring of the Programme.

(iv) A scheme has also been circulated to all the States for providing suitable awards and recognition to outstanding workers.

Gap between energy supply and demand

768. SHRI THANGABAALU: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether according to Dr. M. Ramamoorthy, Director General of Central Power Research Institute, there would be a staggering 100,000 MW energy supply and demand gap by 2000 A.D.; and

(b) if so, the efforts being made to harness the available renewable energy resources and the steps being taken to improve the efficiency of existing system of power generation and energy utilisation?

THE MINISTER OF STATE IN THE DEPARTMENT OF POWER (SHRI ARUN NEHRU): (a) The assessment made by Dr. Ramamoorthy is not correct.

(b) Hydroelectric projects adding upto a capacity of 11,846 MW are presently under implementation for harnessing this renewable source of energy. Progress has also been made in applying new and renewable sources of energy; technologies such as bio-gas plants, solar water heating and drying systems and solar stills and cookers have been brought to the stage of large-scale utilization. In order to improve the efficiency of the existing system, a number of measures including the renovation and modernization of thermal units, timely supply of better-quality coal and streamlining of management are being introduced.

Rise in the pay scales of headmasters

769. SHRIMATI USHA MALHOTRA:

DR. LOKESH CHANDRA:
MISS SAROJ KHAPARDE:

Will the Minister of EDUCATION be pleased to state whether the pay scales of primary school headmasters in the Union Territories and Kendriya Vidyalayas were raised in the year 1984-85?

THE MINISTER OF EDUCATION (SHRI K. C. PANT): No, Sir.
