

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY AND COMPANY AFFAIRS (SHRI ARIF MOHD. KHAN); (a) and (b) The Cement Research Institute of India is reported to have developed a technology for the manufacture of coloured clinker for manufacture of green, yellow and brown coloured cement. The Institute's technology is based upon generation and stabilisation of colours during clinkerisation which is achieved through incorporation of small quantities of suitable additives in appropriate raw mixes and subsequent clinkerisation under controlled burning and cooling schedules. The process developed by CRI is different from coloured cement presently obtained from pigment additions to white cement.

(c) The Institute has given wide publicity to the technology through seminars, training courses. Press publicity and circulation to the interested entrepreneurs. The Institute will provide technological assistance to entrepreneurs coming forward to adopt the technology.

Setting up of an Administrative Tribunal for Government employees

358. SHRI SHRIKANT VERMA: Will the PRIME MINISTER be pleased to refer to the reply to Unstarred Question 2621-A given in Rajya Sabha on the 22nd August, 1984 and state;

(a) what action Government have since taken to set up an Administrative Tribunal under Article 323-A of the Constitution to deal with, service matters of Government employees; and

(b) if so, by when the said Tribunal is likely to be set up?

THE PRIME MINISTER (SHRI -RAJIV GANDHI): (a) and (b) The earlier Unstarred Question No. 2621-A was answered on 22nd March, 1984 and not on 22nd August, 1984 as stated in the question.

The Administrative Tribunals Bill, 1984 which was passed by the Rajya Sabha in August, 1984 and was pending before the 7th Lok Sabha, lapsed with the dissolution of the 7th Lok Sabha. It is now proposed to bring a fresh Legislation before the Parliament. The Tribunals will be set up after the Legislation is enacted.

Mangalagiri Tyre Factory
