

In such a situation when some hon. Members say that there is some scam or anything, I would like to tell one thing to the House that not a single kilo has been imported by the Government of India and not a single kilo has been sold by the Government of India. *(Interruptions)* Whatever statements they are making here have no meaning and that is how we try our level best to improve the supply position *(Interruptions)* Then, Government of India took a decision to enhance the price of the sugar cane. We have decided...*(Interruptions)*... So, whether it is cheeni, whether it is pulses, whether it is edible oil, in all the areas, Government of India has taken a decision to resolve this issue and we have seen that the prices of pulses and major pulses are coming down. The situation will be improved in the coming days. *(Interruptions)*

THE VICE-CHAIRMAN (PROF. P.J. KURIEN): The House is adjourned to meet at 4.00 P.M.

The House then adjourned at nine minutes past three of the clock.

The House re-assembled at four of the clock,

MR. DEPUTY CHAIRMAN in the Chair.

MOTION OF THANKS ON PRESIDENT'S ADDRESS

MR. DEPUTY CHAIRMAN: Now, let us take up the Motion of Thank on President's Address. Prof. P.J. Kurien to move the Motion.

PROF. P.J. KURIEN (Kerala): Sir, I move...

SHRI M. RAMA JOIS (Karnataka): Sir, before my friend moves the Motion, I wish to make a submission. My submission is, we should not criticise the Address of the hon. President. The Address is that of the Government. That is what Pandit Jawaharlal Nehru said and I quote, "The President's Address is a statement of policy of the Government. It should be remembered; it is the Government that is responsible for it and it is not right or proper for our respected President's name to be brought in debates like this." But, unfortunately, this is going on. Sir, 614 amendments expressing regrets have been moved. So, my humble submission is, we should thank the hon. President unanimously and go on debate about the policies and programmes of the Government. Thank you.

MR. DEPUTY CHAIRMAN: Mr. Jois, your point is well taken. It needs discussion. There has to be a wider discussion on this point.

Now, Shri P.J. Kurien to move the Motion.

PROF. P.J. KURIEN (KERALA): Mr. Deputy Chairman, Sir, I beg to move:

That an Address be presented to the President in the following terms:

"That the Members of the Rajya Sabha assembled in this Session are deeply grateful to the President for the Address which she has been pleased to deliver to both Houses of Parliament assembled together on February 22, 2010."

Sir, I consider it a privilege to have the opportunity of moving this Motion. I thank the Chair, the leadership of my party and my leader for allowing me to move this Motion.

I am doing it with a sense of satisfaction, because I am convinced that I am arguing a case which is very strong and which can be justified by all the ground realities. If one carefully reads the Address of the hon. President made to the Joint Session of Parliament, one will be convinced that our gratitude is due to the President, because whatever is said in the Address and whatever achievements of the UPA Government narrated in the Address are borne by the facts. Whatever expectations are there from the Address are justified when we see the Budget that was already presented.

Sir, before every Budget Session of Parliament, the hon. President Addresses the Joint Session of Parliament and there is a Motion of Thanks moved in both the Houses. It is a customary process. All those on the Treasury Benches will support the Address, whatever may be the content. And, all those on the other side will move amendments. This has been going on. But, apart from that, what I feel is, instead of doing like this in a customary way, why not we look at the contents of the Address objectively and debate on it.

My hon. friend, Shri M. Rama Jois, just now, raised a point that the Motion of Thanks to the President should be passed unanimously; it should not be discussed. In a way, I agree with him. This should certainly be passed unanimously. The House should pass it unanimously instead of moving amendments to the speech of the President. But I would like to submit that this Motion can be passed unanimously because of the contents itself. But you are saying that the contents should not be discussed. My argument is that even if you go through the contents objectively, there can be unanimity. What is the point to which the opposition cannot agree? All the achievements, which have been narrated in it, are borne by the facts; and, all what has been stated as the programmes of action, are being implemented. So, there should be unanimity. But unanimity can be there only if all of us are ready to look into the speech with an open mind. If it is not with an open mind, then, there cannot be any unanimity. So, my submission to the House is that let us all go through the speech with an open mind so that we arrive at a consensus, a unanimous resolution. If it is not with an open mind, then, I can't help. There is a saying that a person who sleeps can be woken up, but if a person is pretending to sleep, it is very difficult to wake him up. Therefore, I am pleading that let us all have an objective look into the speech. That's all.

Sir, from the Opposition side, there will always be amendments saying, "However, we regret....", and all that. What is interesting is that one amendment has come from none other than Shri Anant Rao Joshi, hon. Member is not here. His amendment is supporting the speech. He says that he appreciates that the President has delivered the speech and he has narrated the reasons for that. He further says that he does not agree with the contents of the speech, but he appreciates the speech of the President. I think, this should be the spirit.

Sir, I can cite any number of points to prove my point that this speech by the President should be unanimously accepted and the Motion of Thanks should be passed unanimously. But for the lack of time, I don't want to dwell on all those points. I will concentrate on one or two important points that I consider to be very important.

Having said so much, Sir, I would like to quote from the third paragraph of the President's Address. I quote, "My Government was voted to office with a clear cut mandate to protect and deepen the values of pluralism and secularism and to ensure rapid growth with justice and fairness for all." But this sentence is being distorted. In my view, this sentence is the essence of what is inside the speech. The Bhagwat Gita can be condensed in one *shloka*, "कर्मण्येवाधिकारस्ते माफलेषु कदाचन्". That condenses the Bhagwat Gita.

SHRI D. RAJA (Tamil Nadu): What is its meaning?

PROF. P.J. KURIEN: I know you know the meaning. But still I would try to explain it. It means, "Do your duty without desiring for the results". (*Interruptions*)

MR. DEPUTY CHAIRMAN: Mr. Rangarajan, please let him speak.

PROF. P.J. KURIEN: Likewise, in my view this very sentence includes the essence of the speech. Number one is, My Government is voted to office with a clear-cut mandate to protect and deepen the values of pluralism, that is the responsibility of the Government. Secondly, to project and deepen the values of secularism; that is the responsibility of the Government. Thirdly, to ensure rapid growth; faster growth; then, growth with justice and fairness for all; that means inclusive growth. Sir, I believe, without any fear of contradiction, I can say that this Government has taken all steps to fulfil this mandate.

SHRIMATI BRINDA KARAT (West Bengal): Sir, I would like to make one point. One of the greatest artists of India, Hussain, is not able to come back to this country. Can you just tell us what your Government is doing? ..(*Interruptions*)..

MR. DEPUTY CHAIRMAN: That is his point of view. ..(*Interruptions*)..

SHRI BALBIR PUNJ (Orissa): What about Ms. Taslima Nasreen ..(*Interruptions*)..

MR. DEPUTY CHAIRMAN: Mr. Punj, you make this point when you speak on the subject. ..(*Interruptions*).. Mr. Kurien is expressing his opinion on the Motion of Thanks. Let him. Why are you interrupting him?

PROF. P.J. KURIEN: Anyhow, Brindaji, I am not the Minister. Don't put me such questions. ..(*Interruptions*)..

MR. DEPUTY CHAIRMAN: Please, please. Mr. Kurien, please carry on.

PROF. P.J. KURIEN: Sir, what I said was that there are four cardinal points in this. First is pluralism. It is the bounden duty of the Government to protect and deepen the values of pluralism. Sir, India is a pluralistic country. You travel from North to South, from Kashmir to Kanya Kumari, what a kind of diversity is there. You will be awed with the diversity which you are

seeing, yet there is an underlining unity, that is the beauty of India. Pandit Jawaharlal Nehru said, unity in diversity is the uniqueness of India. So, this underlining unity should be preserved. How to preserve that? We can preserve that not by making all these diversities uniform, but by strengthening and protecting these diversities. Sir, it is like a garland, a garland made of disparate flowers and different colours. Each flower and colour adds to the beauty of the garland. Likewise, each culture, each place, each point of diversity adds to the beauty of the nation and strengthens the nation. Sir, any attempt to make it uniform will be against the unity of the nation. This Government is trying to strengthen and protect this diversity. I do not need to explain more about this. I do not need to cite examples as to how this Government is trying to protect the pluralistic nature of this country.

Sir, the second point mentioned in the sentence is I quote again “to protect and deepen the values of secularism”. Sir, India is a country which is home to all religions. All religions of the world are here. Vast majority of the population belongs to the Hindu religion, a vast majority. Then, we have all other religions. Jainism was originated in India; Buddhism was originated in India; Islam is there for more than thousand years. Some people think that Islam came with the advent of Mughals. No; in the Malabar Coast, Islam is there for more than thousand years. Christianity has been there for nearly two thousand years, since 52 AD. Some people think that Christianity came with the advent of the British or the Europeans. No. In fact, Christianity came to India before it went to Europe. When Europe was groping in darkness, Christians flourished in the Malabar Coast. So which religion is not Indian?

The other day, I saw a photograph in one of the newspapers. That is the incident of Cochin. The photograph was showing a Policeman protecting a Synagogue, which is there in Kerala, Cochin. There is a Synagogue which is more than 700 years old. Synagogue means a ‘Jewish Worshipping Place’. There were only a handful of Jews there. Those Jews were protected by the Government and by the people of Kerala; even today, there are a few Jews there. You can go and see it. Because of the fear of terrorist threat, the Government of Kerala has given protection to the Synagogue, and I saw the Police protecting the Synagogue. This is our culture. All these belong to India. That is our composite culture. In a way, I would say in a larger sense, all these are Hindus because Hinduism is not just a religion only, it is a culture also. ...*(Interruptions)*... Why some are clapping and some are creating noise? What is this? ...*(Interruptions)*...

श्री कप्तान सिंह सोलंकी (मध्य प्रदेश): आज इनका यह सबसे बड़ा सत्य है ...*(व्यवधान)*...

श्री उपसभापति: बैठिए, बैठिए ...*(व्यवधान)*... प्लीज़ ...*(व्यवधान)*...

SHRI RAVI SHANKAR PRASAD (Bihar): I salute you for what you are saying. ...*(Interruptions)*...

MR. DEPUTY CHAIRMAN: Please. Mr. Ravi Shankar Prasad, please. ...*(Interruptions)*... No; no; please. ...*(Interruptions)*...

PROF. P.J. KURIEN: Please, let me say. I will repeat what I said. What I said is, all these religions belong to India. All those are equally Indians. I said one more sentence. In a wider sense, you can say like that. That is what I said. In a wider sense means, we have a composite culture. What is wrong with that? ...*(Interruptions)*... Okay; fine. You may disagree. I don't mind. Please. But let me speak. Let me have my say. You need not agree with all. Rajnitiji, you need not agree with all what I say.

Then, what is the duty of the Government? Sir, the duty of the Government is to preserve and protect all these sections, to protect their values, their culture. That is the duty of the Government. It is not to try to bring uniformity among all them. That is not possible. That is not possible also; and it is the duty of the Government to maintain communal harmony. Sir, secularism is not a static philosophy. It is a dynamic philosophy. Government has to initiate steps to maintain communal harmony. I will say the best example of communal harmony in Kerala. We have a famous temple there, the Sabarimala Temple, a Hindu Temple. Crores of devotees go there for performing Pooja; but before going to Sabarimala, most of them go through a place called Erumeli and worship in a mosque.

The same people, the same Hindus, worshipping in temples, worship in the mosque too. This happens in Sabarimala, in Kerala, in this very country. This is an example of communal harmony and it is the duty of the Government to preserve and protect this harmony. I shall cite another example. *(Interruptions)* I may, please, be allowed to complete. I may not be saying things which everybody would agree upon, but please allow me to complete.

Sir, I shall cite another example of how a minority community was protected by the Hindu *rajas* in Kerala. Near my village, there is a 700 years old church. The place is called Kallooppaara. That church lies adjacent to the temple. The temple and church lie side by side, separated by a wall. I shall tell you how the church came into existence there. Those days, a family was carrying a dead body down the river to a distant place for burial. The local ruler, obviously, a Hindu ruler, was sitting on the bank of the river, enjoying the breeze. He saw these people carrying the dead body for burial. He called them and asked them where they were taking the dead body. They said that they did not have any place for burial there and so, were taking the body to a place 15 kilometres away for burial. The king told them that he would give them place for building a church and thereafter burial. The king gave them a place just by the side of the temple. And even today, 700 years later, that church still remains there. Recently, the Archaeological Department had gone there and carried out a survey of the church. That is how a minority community was protected by the then rulers.

Sir, minority or majority, it is the responsibility of the Government to protect every community and to protect the secular credentials of this country. That is what this Government is committed to do. I hope, all of you would agree with me that this Government... *(Interruptions)*... Sir, During the NDA regime, rightly or wrongly, there was an apprehension among a section of people that secularism is at stake. That feeling of apprehension would strike at the roots of emotional integration, which is necessary for national integration. If you break the feeling of emotional integration, then the feeling of national integration would also be weakened. That would affect the national unity of the country. Therefore, we need to protect secularism. I have no doubt that this Government could restore the confidence among all sections of the people in protecting the secular credentials.

Sir, Next point I like to talk about is rapid growth. When I talk about rapid growth, I wish to say something about the economic policy of the Government. I compliment this Government for managing the economy well, which I know, most of you would agree with. Of course, when we initiated the economic policy, there were doubts raised by many, especially our friends from the Left. They had real doubts about the economic policies initiated by the Government. Sir, I would confess that even I had a little doubt... *(Interruptions)*...

SHRIMATI BRINDA KARAT: Sir, price-rise has cleared all his doubts. *(Interruptions)*

MR. DEPUTY CHAIRMAN: Please... *(Interruptions)* You may address the Chair.

PROF. P.J. KURIEN: Yes, Sir. But, Shrimati Brinda Karat is a senior Member and my dear sister; how can I not address her?

SHRI D. RAJA: Do you have doubts?

PROF. P.J. KURIEN: Now, Sir, I confess that I also had little doubt. Naturally, even the Left parties had their doubts. But, Sir, there is an answer to my doubt. For that, I will request you to recollect a talisman given by Mahatma Gandhiji. Gandhiji said, "Whenever you have a doubt, I give you a talisman. Think about the poorest man and examine whether your decision is of any use to him. If it is of any use to him, go ahead." That is the talisman of Mahatma Gandhiji. I am going to apply this yardstick.

Sir, I would like Members to recollect the days of 1989 during the regime of late Shri Chandrashekar. I have great respect for him. He was a great son of India. But, during his regime, what happened? Our economy plunged to the lowest ever. We had no money even to run day-to-day affairs of the Government, not to speak of welfare measures. So, we had to take our gold to London, pledge there and bring foreign exchange even for importing essential oil, crude oil, energy. The Government would have been at a standstill at that time.

SHRI D. RAJA: That Government was supported by the Congress Party.

PROF. P.J. KURIEN: Yes, I agree. I am not blaming anybody. I am not blaming Chandrashekarji also. I am drawing your attention to a situation. Then, election came. After the election, the Congress Government headed by Shri P.V. Narasimha Rao came to power. The Finance Minister in that Government was Dr. Manmohan Singh, who is now our Prime Minister. There was criticism. But, he initiated the new economic policy, which brought about a turn-around. Because of that policy, within one year, the gold, which was pledged in London, was retrieved. The economy came in the correct trajectory; economic growth came in correct trajectory. Sir, similar situation prevailed in Soviet Union also. They did not react properly. What happened? Soviet Union collapsed. Similar situation was faced by China also. They promptly reacted of course much before us and they are getting the benefit today. Therefore, without that decision of the then Finance Minister, who is the Prime Minister now, what would have been our position? I am not blaming anybody. And, what no other Government was able to do before, today, the UPA Government has done. We were able to find Rs.75,000 crores for waiver of loans. Has any other Government been able to do that - just giving away Rs.75,000 crores? It has never happened in the past. Sir, so much money has been given under NREGA. This year, I think, it is Rs.40,100 crores.

Then, substantial increase in the allocation for all the rural development programmes; substantial increase in allocation for all welfare measures. Where has this money come from? Where has this surplus come from? This surplus was generated because of the proper economic policies followed by the Government, which was initiated by the then Finance Minister, who is the present Prime Minister of this country.

As far as I know, there is, more or less, a consensus about this policy. After that, the NDA Government came to power. The NDA Government also followed the same policy. They did not deviate from that. I appreciate that. I congratulate them. When they found that the policy is in the interest of the nation, they stuck to that. They did not see politics in that. I congratulate them. This is what everybody should do. That is why we are able to be in the correct growth trajectory; that is why today we are able to be proud of before other nations.

Sir, I mentioned about faster growth. There is no doubt about it. This year, this growth is 7.2 per cent, and, this year is not an ordinary year. This is a year when there is global recession, when there is recession in the entire world, and, when all the developed countries are having negative growth, be it Europe, be it Japan, or, be it USA. They have experienced negative growth, and, we are able to have 7.2 per cent growth. I don't see it as a wonder. I would say that it is because of the efficient economic management of this Government, the UPA-I and the UPA-II. Sir, in the entire world, only China is ahead of us. Our friend, Mr. Raja would be happy. China is ahead of us because they have ten per cent growth. ...*(Interruptions)*...

SHRI D. RAJA: I would be happy if India is ahead of China. *(Interruptions)*

PROF. P.J. KURIEN: I appreciate that. Then, China is ahead of us but, according to me, there is nothing to boast about because China has a rigid administration with no dissent, no opposition, no obstruction, and, no impediments. And, what is our position? We have the luxury of democracy. ..(*Interruptions*).. We have the luxury of democracy, dissent, opposition, obstruction, and, all impediments. Despite that, we have 7.2 per cent growth. Congratulations to the Prime Minister and the Government. I would say that this is not a small achievement.

Sir, the hon. President has promised a faster growth. I don't want to score a point. But, however, I would like to make a comparison. In the UPA-I regime, what was the average growth? It was 8 per cent if the statistics given is correct. In the NDA regime, the average growth was 5 per cent. This is according to the statistics which I have got. So, there is certainly a momentum in the growth; there is certainly faster growth. And, again, there is an expectation of 9 per cent growth for the next year, and, for the year 2011-12, it is 10 per cent, and, the Government is expecting it to go to double-digit figure. ..(*Interruptions*)..

I am talking about growth, not inflation. ...(*Interruptions*)... I am talking about growth. Therefore, *Rashtrapatiji* is justified in saying in the President's Address that there is greater growth and faster growth.

Now the fourth cardinal point in that very sentence I quoted is the growth with justice and fairness for all. That means inclusive growth, inclusiveness. Sir, inclusiveness is in our very culture, in our very philosophy. It is in the Indian ethos — *Vasudhaiva kutumbkam*. What does that mean? It means the whole world is one family. What about Indians? We are very close family members. In a family it is the responsibility of the elders to care and protect for the weaker ones. Therefore, it is the responsibility of the State to care especially for the weaker sections, the downtrodden and the deprived. (*Interruptions*) Please. I will answer. It is our responsibility. Sir, we have, for historic reasons, the Scheduled Castes, the Scheduled Tribes, downtrodden, depressed, suppressed, oppressed, denied, and devoid. So, it is the responsibility of the Government to have special programmes targeted for them. Not only for them but for all weaker sections of society, whether it is children or whether it is women or whether it is people living in villages? The weak should be cared for and protected. That is the principle of inclusive growth. Where is the strength of the nation? It is not the strength of the rich, but the poor. You can tie an elephant with a strong chain. But if one link of the chain is weak, the whole chain is weak. Likewise, if one section of the Indian society, whether it is the SC or the ST or whoever it is, is weak, then India is weak. That is the concept of social inclusiveness. Therefore, the Government should have special targeted programme for protecting and caring the weaker sections of society. That is what this Government is doing.

Sir, during the regime of the NDA — I am not trying to criticise them, but I am trying to make a point — there was a slogan called “India shining.” That was justifiable to a certain extent. They were doing well, in some areas and they can say ‘India shines.’ But what happened when that slogan “India shining” was coined? There was a large section of the people who were suffering. That was another India which was suffering, and for those people, that slogan of ‘India Shining’ was not palatable. They could not digest it. What I am saying is even for a slogan, the message of inclusiveness should be there. That slogan of ‘India Shining’ actually smacked of lack of inclusiveness. Whether slogan or action or programme, all there should be inclusive. In any programme, there should be an inclusive element, and this Government, I have no doubt, is at it and doing that.

Having said so much, I would like to say that. I have gone through the Budget papers to see whether I am justified in saying that this Government has a focus on inclusiveness.

In the Budget for the National Rural Employment Guarantee Scheme for the poor and the downtrodden, Rs.40,100 crore has been earmarked; for Bharat Nirman *i.e.* for infrastructure in the villages, Rs.48,000 crores has been earmarked; for Indira Awas Yojana, unit cost has been increased from Rs.45,000 to Rs.48,000; allocations to backward region grant fund have been raised by 26 per cent, from Rs.5800 crores to Rs.7300 crores; allocation for housing and urban poverty alleviation has been raised to Rs.1000 crores; Plan outlay for women and child development has been increased by 50 per cent. Brindaji will be very happy. Brindaji is not even listening. She will be very happy. *(Interruptions)* Plan outlay is increased by 50 per cent for women and child development; Plan outlay for the Ministry of Social Justice and Empowerment has been raised by 80 per cent. You should be very happy. *(Interruptions)* No, no. Not now. Sorry, I don’t want to provoke you. You are my sister. *(Interruptions)* Sir, for minority affairs, it has been increased by 50 per cent. Sir, all these are programmes focussed at inclusive development.

Then, Sir, I come to another point. The inclusive development is not to be achieved just by implementing certain programmes as such. More than that, there is something called ‘empowerment’. Sir, programmes for the poor had always been there, even during the times of Rajas. Not Mr. Raja, but, Maharajas. There were programmes for the poor. *(Interruptions)* Sir, there is a difference in perception and philosophy of inclusive growth of this Government. It is not just implementation of programmes. I will narrate or cite some of the important programmes. For example, NREGA — one hundred days’ job for people, minimum wages for 100 days. Earlier also, there were programmes where wages were given to poor people. But, NREGA is not just that. It is not just giving employment. It is empowering those people. Before NREGA, they used to go and beg for job. They had to go and request. After NREGA, they will go and demand job, saying, “Give me my job.” *(Interruptions)* Thank you. Now, it is Mahatma Gandhi National Rural

Employment Guarantee Scheme. So, today, they can go and demand. It is empowerment. They are empowered. Then, Sir, Right to Education Act. Already, the hon. Minister, Mr. Kapil Sibal, has said that more number of schools would be started; more money would be given to Sarva Shiksha Abhiyan; more money would be given to Mid-Day Meal Scheme, etc. But, it is not just that. Under right to education, a child can go and say, "I want to study. It is my right." Children are empowered. It is empowerment. Sir, then, Food Security Act. Earlier also, food was given at cheap price. *(Interruptions)* I am talking about the Food Security Act. I admit there is price rise. I admit that. That is an aberration. That would be corrected in course of time. Don't worry about that. The Government will take care of that. Now, we have the Food Security Act. Sir, here, it is not that two kilograms or certain quantity of rice is given. But, it has become a right, a legal right. My friends in Kerala said, "Why the quantity of rice is reduced? We are giving 30 kilograms. Why is it only 20 kilograms?" It is not the quantity.

Here, it has become the right of the person to ask for so much rice. That is empowering him. Sir, the Women's Reservation Bill the Government has promised.....*(Interruptions)*... Please don't interrupt. ...*(Interruptions)*...

SHRIMATI BRINDA KARAT: Sir, please yield for a moment.

PROF. P.J. KURIEN: No, no, no. I do not yield. ...*(Interruptions)*... I am not yielding. Sir, the Women's Reservation Bill is, again, introduced for empowering women. The Government has promised to pass the Women's Reservation Bill. I read it in the newspapers that the Cabinet has already approved it. The bill is already introduced. I had the opportunity of being in the Chair. Thank you, Sir, for allowing me to be in the Chair at that time. I had the opportunity of being in the Chair when the Bill was introduced. Sir, I know there were objections in some sections of the House, but I request all the Members of this House to pass this Bill. After all, they are our sisters; why not give them their due? ...*(Interruptions)*... 33 per cent is not more. ...*(Interruptions)*... 33 per cent is not more. Let us pass this Bill unanimously. I congratulate this Government on taking the bold initiative of bringing that Bill. It is already decided... *(Interruptions)*...

SHRIMATI BRINDA KARAT: Please yield for a minute. Since the hon. Prime Minister is here.....*(Interruptions)*...

MR. DEPUTY CHAIRMAN: On what? ...*(Interruptions)*...

PROF. P.J. KURIEN: Sir, I won't. ...*(Interruptions)*... Sir, here, I would like to mention.....*(Interruptions)*...

SHRIMATI BRINDA KARAT: Kindly yield, Sir.

MR. DEPUTY CHAIRMAN: What is the point? ...*(Interruptions)*... What is the point?

SHRIMATI BRINDA KARAT: Sir, on Women's Reservation Bill. The hon. Prime Minister is here.

PROF. P.J. KURIEN: I do not yield, Sir. ...*(Interruptions)*...

SHRIMATI BRINDA KARAT: Our request, Sir, is, 100 Years of Women's Day is going to come up on March 8, the International Women's Day. If, on that day, they bring the Women Reservation Bill for discussion and passage, it will, really, be very good for all of us. That is all I wanted to say.

DR. (SHRIMATI) NAJMA A. HEPTULLA (Rajasthan): Sir, we will request the hon. Prime Minister that when he is going to reply to the Motion of Thanks on the President's Address, he should make this announcement, and that will be a rare privilege not only for us but for everybody else also. Sir, we all support it.

SHRIMATI MAYA SINGH (Madhya Pradesh): I also support it, Sir.

PROF. P.J. KURIEN: Madam, the Government has already decided that...
..*(Interruptions)*...

MR. DEPUTY CHAIRMAN: Mr. Kurien, please continue.

PROF. P.J. KURIEN: Sir, I would like to make one point for the information of hon. Members that this Bill was brought in the Lok Sabha several years back; the Women's Reservation Bill, but it was not allowed to be introduced. But Congress Party has taken, and Congress President has taken, a consistent stand in favour of this Bill. Sir, why I am saying this is, when the Bill was brought in the Lok Sabha, Congress Party was in the Opposition. I was Chief Whip at that time. Hence, the Congress President called me and asked me to issue whips to all the MPs for supporting the Bill if that was introduced. I, under the direction of the Congress President, issued whips, at that time, to all Congress MPs of the Lok Sabha, for supporting the Bill if that was introduced. Unfortunately, that Bill could not be introduced in that House. I said this to clarify the position of Congress Party.

But, then, Sir, I would like to ask about this women's reservation: where does the origin come from? The origin comes from the Panchayati Raj Bill; 33 per cent reservation for women was allowed in Panchayats. Sir, 33.13 per cent reservation was allowed in panchayats, and it was my beloved leader Rajivji who had initiated, who had mooted this proposal, the Panchayati Raj Bill and the 33 per cent Reservation Bill. That is the basis of this 33 per cent reservation today, and I am happy that the Government has decided to increase that reservation in the local self- Government, in panchayats, to 50 per cent.

Sir, having said that, I would also like to mention the two important decisions or, say, the achievements of the UPA Government. Number one is RTI (Right to Information Act). Sir, Right to Information Act is, actually, empowering the whole people. I think, I should say, that is the most important legislation of that five years' period. I would say that, or, perhaps, that is the

most important legislation over a period of time. Why? It is because corruption is a cancer in our society.

It is eating into the vitals of our economy, of our society. What is the remedy? This bill is one step in the fight against corruption. Now, bureaucrats have to be more transparent. The Ministers and politicians have to be more transparent. I don't say that this is the panacea. But I would say that this would go a long way in removing the cancer of corruption. So, RTI is one of the greatest achievements.

Another is signing of the civil nuclear deal. The reason why I consider it very important is this. I know today there is, more or less, a consensus. Even the main opposition party says that they have only a small difference. It wants to amend it slightly. But in principle it is also in support of civil nuclear deal. What was the need? At that time many people asked: What is the need of the nuclear deal? I think the question was due to lack of understanding of the problem. It is for energy security. It is Lenin who said that electricity was the key to development. Lenin said, "Electricity is the key to all developments". (*Interruptions*)...

MR. DEPUTY CHAIRMAN: You please go ahead.

PROF. P. J. KURIEN: There is shortage of electricity. We have shortage of power. People ask: Why don't you over exploit or use more coal? But if you use fossil fuel or coal excessively, it will also get depleted. If you over-exploit it, it will get depleted. Prudence demands that we should not over-exploit it. Further, it will add to pollution. Today, when we are fighting against climate change, the excessive use of fossil fuel will affect climate also. Therefore, we can't resort to it. Cleaner energy is a must. What was the way out? The first option was to have a civil nuclear deal, to have an agreement on this. Our Prime Minister took the bold initiative. Despite the criticisms — there were criticisms — in the interest of the country, he stood firm and ignored the criticisms. In the interest of the country, he signed the civil nuclear deal and today we have the advantage. I want to quote from the President's Address itself and I quote from paragraph 72 on page 16:

"Following the availability of imported fuel as a result of the opening of international civil nuclear cooperation, commercial production has commenced in two units of Rajasthan Atomic Power Project, — it is already commenced — and one more unit is expected to begin commercial production soon. New agreements for cooperation in the field of civil nuclear energy were concluded with Russia, — not only with America but also with Russia — Mongolia, Namibia, Argentina and the United Kingdom, while others are under negotiation".

So, today, we see the results. Sir, we are resorting to not only nuclear option for cleaner energy but also to other options for fighting climate change. As regards solar energy, there is the Jawaharlal Nehru Solar Mission. We have started a gigantic project, for producing 20,000 megawatts by 2020. This is the commitment of the Government to energy security and cleaner energy.

Sir, I know why you are looking at me. I will not take much time. I have one hour. So, I will try to finish within ten minutes.

MR. DEPUTY CHAIRMAN: You know the allocation of time.

PROF. P. J. KURIEN: Coming to the foreign affairs, there is an allegation that India has deviated from our age-old Non-alignment Policy. We have not at all deviated. We are basing it on non-alignment only and our national interests would be protected. We should strive for world peace.

We should also strive for more equitable and just world order. That is exactly what the Government is doing. We should have very friendly relations with our neighbours, be it Pakistan or be it China. Well, I am aware that Pakistan is the cradle of terrorism, the epic-centre of terrorism directed against India. But if you cut off the dialogue, what do you do? It is in our interest to engage them in a dialogue. I understand that on 25th February, there was a meeting of Secretaries of both the countries, that is, India and Pakistan about a dialogue. The hon. Minister of External Affairs has made a statement in this House, which, I hope, will be discussed. So, I do not want to touch upon that. But what I am saying is, dialogue is the only way. What is an alternative to the dialogue? I do not want to say that. So we have to engage them in a dialogue, be it Pakistan or be it China. Dialogue is in our interest. That is what this Government is doing. But, at the same time, we should be well prepared, our defence forces should be well prepared to meet any eventuality. That is what the Government is doing. The other day, when I switched on the television, I saw a very interesting 'Air Show', where our aircraft were sending missiles and all that. That shows our capability. We are well prepared. Our defence forces are well prepared and should be more strengthened. Our Budget for defence has increased. We are not compromising on our defence. Furthermore, I am very happy to say that there is a greater focus on self-reliance. Agni-III missile has been added to our weaponry. Arjun tank has been added to our weaponry. Then our HAL, Bangalore has developed Light Combat Aircraft. All these are milestones in our path towards self-reliance. We have a very, very efficient Defence Minister sitting here whose honesty and integrity nobody can question. I am sure, in his hands, the defence of the country is safe. I have no doubt about it.

Let me come to Information Technology, science and technology, and space science. We should be proud of it. So far as IT is concerned, we are at the top, due to the liberal policies adopted by this Government. The Minister of Science and Technology is here. Yesterday, I saw a report on Chandrayaan. It was carried in all the newspapers: Chandrayaan has discovered ice glaciers on the moon. NASA has already released the photographs. It was achieved by Chandrayaan. Sir, as a student of Physics, I was the happiest person on that day when Chandrayaan landed on the moon. It gives us great pride. I was so proud of that day. Well, I

5.00 P.M.

have no doubt, the day is not far away when we will send a man to the moon. I am looking forward to that day. This Government is the one which gives us pride. Every Indian can be proud of this Government. Sir, I will not take more time. I will quote from the last paragraph of the President's Address.

I quote: "The service of India means the service to the millions who suffer. It means ending poverty, ignorance, disease and inequality of opportunity." Without any fear or contradiction, I can say that this Government has left no stone unturned for achieving those goals. Any number of examples can be cited to prove this. The Government is striving hard to achieve the goals mentioned in this last part of her speech. Maybe, we have not achieved it fidel. But, as it has been said in the speech, we are nearer to the goals. We are nearer to the goals set by the founding fathers of our Constitution and our leaders who gave us freedom.

Before concluding, I have to say one more point which I consider to be very important, and that is, with regard to the functioning of the Government, the administration and the leadership of the UPA Government. It is an exemplary dual leadership. We have an erudite Prime Minister whose integrity and honesty cannot be questioned. Nobody can point a finger against him. So, an experienced, erudite person is the head of the Government. Then, we have the UPA Chairperson, with the feather of unparalleled sacrifice on her cap, heading the political dispensation deciding on policies and taking political decisions. Sir, this is an exemplary dual leadership, and this is functioning very well. That is the reason why the UPA Government, did very well. That is the reason why we could come back with a greater majority. That is the reason why the President, in the President's Address, could unfold a large number of programmes. That is the reason why our Prime Minister is here today with confidence. This is the dual leadership we have. Sir, this is an example for others to emulate. The country is fortunate to have these two leaders. I have no doubt that the country is safe in their hands.

I do not want to take more time, as I said, I will finish in one hour. Having said all these points, for all the reasons which I have cited and for many other reasons which I could not cite, for lack of time, which my friends here will cite, and for all the reasons which you are all convinced and which all of you know, the President deserves a unanimous Resolution of gratitude from this House. I request the hon. House to support and pass this Motion unanimously.

Sir, I thank you and I thank everyone for their kind indulgence.

MR. DEPUTY CHAIRMAN: Now, Shri Santosh Bagrodia to second the Motion.

श्री संतोष बागड़ोदिया (राजस्थान) : डिप्टी चेयरमैन सर, महामहिम राष्ट्रपति महोदया द्वारा संसद के दोनों सदनों के समक्ष दिए गए अभिभाषण में सरकार के कार्यक्रमों, वास्तविकताओं और विजन का ब्यौरा दिया गया है, मैं इसके लिए प्रो. पी.जे. कुरियन द्वारा व्यक्त किए जाने वाले धन्यवाद प्रस्ताव का, हृदय से, बड़े मन

से, बड़े आदर से समर्थन करता हूँ। वैसे प्रो० कुरियन साहब ने कोई भी ऐसा इश्यु नहीं छोड़ा है, जो बाकी हो। उन्होंने सभी बातें बताई हैं, इसके अलावा बताने के लिए और बातें नहीं रही हैं। फिर भी, सबसे पहले मैं विपक्ष के अपने साथियों को याद दिलाना चाहता हूँ कि महामहिम राष्ट्रपति महोदय ने कहा है, मैं उसको कोट कर रहा हूँ, “आपको बहुत अधिक विधायी कार्य करने हैं, इनके लिए आपका पूर्ण ध्यान अपेक्षित है।” यह कहकर अपनी चिंता व्यक्त की। ..(व्यवधान) ..

डा. (श्रीमती) नजमा ए. हेपतुल्ला : उपसभापति जी, हाउस का सेंस ले लीजिए कि इनकी स्पीच तक हम लोग बैठ सकें।

श्री उपसभापति : यह डिसाइड हुआ था ..(व्यवधान) ..

डा. (श्रीमती) नजमा ए. हेपतुल्ला : मैं आपको डिस्टर्ब नहीं कर रही हूँ, मैं सिर्फ एक प्रोपाइटी की बात कर रही हूँ। If the House so decides, it is fine. No problem.

श्री उपसभापति : यह डिसाइड हुआ था कि the Mover and the Secunder will complete today. That is the decision. (Interruptions)

DR. (SHRIMATI) NAJMA A. HEPTULLA: Sir, there are hundreds of amendments.

श्री उपसभापति : अमेंडमेंट्स तो मूव करने ही हैं। बी.ए.सी. में डिसाइड हुआ है कि we should sit beyond six.

DR. (SHRIMATI) NAJMA A. HEPTULLA: BAC has taken this decision. Okay, Sir. I only wanted to bring it to your notice.

MR. DEPUTY CHAIRMAN: It was decided that after the Secunder has spoken, we will move the amendments.

श्री संतोष बागड़ोदिया : महोदय, पिछले कुछ सत्रों से संसद के कार्यकरण की जनता द्वारा कड़ी समीक्षा की जा रही है। महत्वपूर्ण मुद्दों पर सूचनापरक और सकारात्मक सुझाव अपेक्षित होते हैं। संसद वह स्थान है, जहां विभिन्न विचारधाराओं को एकाकार होकर शासन के लिए दिशा-निर्देश देने चाहिए। विपक्ष को अलग दृष्टिकोण रखने का पूरा-पूरा हक है, किंतु उसे अपना दृष्टिकोण इस सदन के सामने रखना होगा। जो भाषण हमारी प्रेसिडेंट साहिबा ने दिया है, मैं बहुत संक्षिप्त में उसके बारे में कहना चाहता हूँ। उन्होंने पूरे भाषण में आम आदमी की चर्चा की है, इन्क्लुजिवनेस की चर्चा की है, जो कि हमारी सरकार का मेन इश्यू है। उन्होंने रूरल डेवलपमेंट के बारे में चर्चा की है। 3,74,000 करोड़ रुपए या इसी हिसाब से इस बजट में रूरल डेवलपमेंट के लिए एलोकेशन हुआ है।

[उपसभाध्यक्ष (प्रो. पी.जे. कुरियन) पीठासीन हुए]

आज सुबह प्राइसेज के बारे में चर्चा हो रही थी, जिसका जवाब भी आया और एक दिन चर्चा भी हुई कि चीजों के दाम बढ़ रहे हैं, उसको रोकने का एक ही तरीका है, वह है रूरल डेवलपमेंट। यह हमारी प्रेसिडेंट साहिबा ने कहा है। उनका यह भी कहना था कि रूरल डेवलपमेंट के द्वारा ही यह संभव है। उन्होंने यह भी कहा कि “My government is committed to bringing about a paradigm shift in our education infrastructure based on the three pillars of expansion, inclusion and excellence”. बिना एजुकेशन के डेवलपमेंट नहीं हो सकता है। इसके बारे में मैं बाद में जाकर कुछ और चर्चा करूंगा। उन्होंने एक और बहुत बड़ी बात कही, जिसके बारे में विपक्ष के लोग हर समय चर्चा करते रहते हैं, वह यह है कि लोगों का रुपया स्विस् बैंक में पड़ा हुआ है, यानी देश के बाहर पड़ा हुआ है। इसकी चर्चा हर समय रही है। यह इस सरकार की हिम्मत है। सर, जब आप यहां बोल रहे थे तब आपने बताया कि यहां राइट टू इन्फॉर्मेशन ऐक्ट की चर्चा हुई,

वूमेन्स रिजर्वेशन बिल की चर्चा हुई, वैसे ही प्रेसिडेंट साहिबा ने कहा कि, “My government has undertaken a number of steps to unearth unaccounted money parked outside India. These include amendment of the Income-tax Act, 1961 to enable the Central Government to enter into tax agreements with non-sovereign jurisdictions”. यह हिम्मत की बात है कि अगर किसी गलत तरीके से हिंदुस्तान के बाहर पैसा गया हुआ है और वहां पर जमा है, तो हमारी सरकार उसको देश में लाना चाहती है। इसके लिए एग्रीमेंट भी किए जा रहे हैं और इसके लिए जो भी रास्ते अपनाए जा सकते हैं, वे अपनाएंगे। गलत तरीके से भेजे गए रुपए या धन हिंदुस्तान में वापस आ सके, हमारे गरीब आदमियों के काम आ सके, यह ब्रीफली बात ब्रीफ में उन्होंने अपने भाषण में की थी। यह आम आदमी की बात थी। वाइस चेयरमैन सर, प्रथम विश्व युद्ध के बाद महामंदी आई थी। पिछले वर्ष भी विश्व को भीषण मंदी झेलनी पड़ी थी। विश्व के अधिकांश कट्टरपंथी अर्थव्यवस्थाओं में भी सरकार के हस्तक्षेप और विनियमन के उपाय पुनः अपनाने पड़े।

जब विश्व की आर्थिक महाशक्तियाँ अस्थिर हो गईं, हमारी अर्थव्यवस्था ने उल्लेखनीय प्रगति की और इससे विश्व विश्वसनीयता बढ़ी है। पिछले वर्ष सारे विश्व में जिसे हम developed world कहते हैं, चाहे यूरोप हो या अमेरिका हो, वहाँ पर growth minus गई। अमेरिका में 20 प्रतिशत लोगों के पास आज खाने के लिए पैसा नहीं है, वे सरकार की व्यवस्था के भरोसे हैं, जिससे उनको दो टाइम का खाना मिल रहा है, जबकि हमारे प्राइम मिनिस्टर डा. मनमोहन सिंह जी के नेतृत्व में सारे संसार में इतनी अव्यवस्था होते हुए भी हिन्दुस्तान की growth होती रही। पिछले वर्ष यह 6.7 प्रतिशत हुई, इस वर्ष हमें इसके 7.5 प्रतिशत होने की पूरी आशा है। हमारी आर्थिक प्रगति का मंत्र यह है कि हमने आम आदमी के लिए निवेश किया है, हमने आम आदमी के बारे में चर्चा की है, हमारी सरकार ने आम आदमी के बारे में विचार किया है। हमारी सरकार का हर कदम आम आदमी को कैसे लाभ मिले, उसको ध्यान में रख कर उठाया गया है। सरकार ने वित्तीय घाटा उठाया, किन्तु आम आदमी के लिए निवेश किया। आम आदमी हमारे कार्य का केन्द्र है। राष्ट्रपति महोदय ने अपने अभिभाषण के पैरा नम्बर 17 से 23 में आम आदमी की उम्मीदों को पूरा करने में हमारी उपलब्धियों की झलक दिखाई है। इसमें केवल आम आदमी की चर्चा है। उसके साथ उसको मानवीय और समावेशी भी बनाया गया। हमारी सुधार प्रक्रिया व्यावहारिक है। इसलिए इससे हमारे यहाँ अनेक देशों की तरह सामाजिक और राजनीतिक विघटन नहीं हुआ।

2009-10 में मनरेगा में 203 करोड़ श्रम दिवस का सृजन हुआ, जिससे ग्रामीण क्षेत्रों के 4.33 करोड़ परिवारों को लाभ पहुँचा। अगर हम एक परिवार में पाँच व्यक्ति का average लेते हैं, तो 20 करोड़ लोगों को इसका लाभ मिला। जैसा आपने बताया था कि हमारे यहाँ एससी-एसटी हैं, जो सबसे पिछड़े हैं, उनको इसका लाभ मिलना चाहिए, तो यह जो लाभ मिला, उसमें 52 प्रतिशत एससी/एसटी को मिला। यह सरकार की व्यवस्था है। इस बारे में सरकार विचार करती है। इसलिए आम आदमी के व्यापक विकास के लिए भारत निर्माण के लिए सरकार विचार करती है। इस विकास के लिए भारत निर्माण के कार्यक्रम को लागू किया गया। भारत का निर्माण करना है, किन्तु आम आदमी के लाभ को साथ लेकर।

2009-10 के दौरान ग्रामीण आवास के अन्तर्गत 14 लाख से अधिक मकानों का निर्माण किया गया। ऐसा काम पहले कभी नहीं हुआ, किसी वर्ष में नहीं हुआ। यह काम यूपीए-1 ने किया और यूपीए-11 उसी काम को और आगे बढ़ा रही है। नवम्बर 2009 तक 34 हजार गाँवों को जोड़ने वाली 96 हजार किलोमीटर लम्बी ग्रामीण सड़कें बनाई गईं। ग्रामीण जल आपूर्ति योजना के अन्तर्गत 586 ग्रामीण बस्तियों को शामिल किया गया। दिसम्बर 2009 तक 70 लाख हेक्टेयर क्षेत्र के लिए सिंचाई सुविधाओं का सृजन किया गया। राजीव गाँधी विद्युतीकरण योजना के अन्तर्गत 67 हजार गाँवों का विद्युतीकरण किया गया। पहले गाँवों में बिजली जाती ही नहीं थी। बिजली का एक प्यायंट दे दिया जाता था और कहा जाता था कि गाँव में बिजली पहुँच गई। अब वह बात नहीं है। उसके नियम बदले गए और यह कहा गया कि गाँवों में जो विद्युतीकरण होगा, वहाँ केवल एक प्यायंट देने से नहीं होगा। यह हिम्मत हमारी यूपीए सरकार की थी और इसके प्रोग्राम को शहरों और गाँवों में आगे बढ़ाया गया।

वर्ष 2014 तक 40 प्रतिशत गाँवों में टेलीफोन की सुविधा देने की बात की गई है। हम स्वप्न में भी नहीं सोचा करते थे कि गाँवों में बैठ कर हम सारी दुनिया से बात कर सकते हैं। सर, मुझे 1960 की एक बात याद आ रही है। जोरहाट से 30 किलोमीटर आगे एक टी गार्डन है, वहां से मुझे कलकत्ता एक टेलिफोन करना था, उसके लिए पहले मुझे जोरहाट आना पड़ा। उस समय लाइटनिंग कॉल हुआ करती थी, जिसमें रैगुलर कॉल का 16 गुना ज्यादा दाम लगता था। मैंने सुबह आठ बजे आकर लाइटनिंग कॉल बुक कराई और रात दस बजे तक बैठा रहा लेकिन बात नहीं हो पाई। आज परिस्थिति कितनी बदल गई है और कितना अधिक डेवलपमेंट हुआ है। हमारी सरकार के विज्ञान के कारण आज गाँव-गाँव से सारी दुनिया में बात हो सकती है। यह हमारी सरकार का निश्चय है कि हम पंथ के अंतिम व्यक्ति तक पहुंचेंगे और इसके लिए सरकार ने गरीबों को पुनः परिभाषित करने की पहल की है। दो विशेषज्ञ समितियों ने गरीबी के समूचे मुद्दे पर पुनः आकलन किया है, इस संबंध में मुझे आज एक किताब मिली है,

“Changing Poverty Estimates in India - Some Recent Developments”. सर, यह किताब राज्य सभा की ही है और इसमें सरकार ने तरह-तरह की स्टडीज़ की हैं, जैसे Capability approach, monitoring approach, livelihood approach, social exclusion approach, contextual approach. इसमें तरह-तरह से विचार व्यक्त किया गया कि किस तरह से हम लास्ट आदमी तक पहुंचें। Food Security Act को लेकर इसमें जो लिखा गया है, उसे मैं कोट करना चाहता हूँ। इसमें लिखा है, ‘The proposed National Food Security Act would seek to ensure food security for all citizens in the country. Its provisions will focus primarily on the weaker sections of the society, that is, below the poverty-line families which otherwise may, at times, face food insecurity. Only the most vulnerable sections of the society will have a legally enforceable right to food that guarantee sufficient food for them.’ यह बड़ी हिम्मत की बात है, जो हमारी सरकार ने की है। ‘It is proposed by the Centre that every family living below the poverty-line in the rural and urban areas will be entitled by law to 25 kgs. of rice or wheat per month at Rs. 3 per kg.’ I further quote. ‘The Centre aims to give right to food to 6.52 crores of families.’ मतलब करीब 32 या 35 करोड़ जनता। 110 करोड़ की आबादी में करीब 35 करोड़ लोगों को यह सुविधा मिलेगी। ‘Constituting the BPL category, according to the Planning Commission estimate, that is, 36 per cent of India’s household.’ इस सरकार ने आम आदमी के लिए इतना बड़ा प्रोग्राम तय किया है।

सर, लोकतंत्र में आम आदमी के लिए निवेश करना महत्वपूर्ण होता है। हमने इसके लिए स्वर्णिम मध्य-मार्ग अपनाया। हम राजकोषीय आयतुल्ला नहीं हैं कि विकास का गला घोट कर राजकोषीय घाटे पर काबू पाना चाहें, जैसे भाजपा वाले करते हैं। हम अपव्ययी शासक भी नहीं हैं। यहां पर हमारे लैफ्ट के दोस्त भी बैठे हैं, जो राजकोषीय अनुशासन के बिना ठीक से न बनाए गए कार्यक्रमों में संसाधनों को बर्बाद कर रहे हैं। हमारा मानना है कि मौजूदा वैश्विक परिदृश्य में शासन और आर्थिक प्रबंधन को व्यावहारिक होना चाहिए और वे विचारधाराओं से जुड़े नहीं रह सकते।

सरकार ने अर्थव्यवस्था को बनाए रख कर भारी राजकोषीय भार उठाया है। चाहे किसानों के लिए ऋण माफी हो, नरेगा के लिए आबंटन हो, राजकोषीय प्रोत्साहन पैकेज हों अथवा गिरते हुए डॉलर के मद्देनजर निर्यात क्षेत्र को सहायता हो, सरकार ने अपने राजस्व की लागत पर उनकी सहायता की है। हमने आम आदमी की जेब में धन डालने के लिए आम आदमी से जुड़ी योजनाएं बनाई हैं, जिससे अर्थव्यवस्था में काफी मांग का सृजन हुआ है। यह जो प्राइसिज़ बढ़ने की बात की जा रही है, इसके पीछे भी एक कारण है। आम आदमी की पॉकेट में जो पैसा गया है, इससे उसकी इच्छाएं बढ़ रही हैं।

मुझे याद है कि आज से 10-15 साल पहले तक हमारे राजस्थान के गाँवों में दाल के अलावा कुछ नहीं मिलता था। सब्जी नहीं मिलती थी। जिस आलू की बात हम कह रहे हैं, उसकी चर्चा मैं बाद में करूँगा। वहाँ आलू भी नहीं मिलता था जबकि आज वहाँ मटर भी मिलती है। हमारी इच्छाएँ और हमारी आवश्यकताएँ बढ़ गई हैं। यह अच्छी बात है। मैं इसके विरोध में नहीं हूँ। लेकिन, जब demand बढ़ती है तो स्वाभाविक रूप से थोड़े दाम भी बढ़ते हैं। सर, यह नयी डील, रूजवेल्ट की नयी डील से बड़ी है। प्रेजिडेंट रूजवेल्ट ने भी जब depression हुआ था तब यह डील दी थी, लेकिन हमारी सरकार ने डा० मनमोहन सिंह जी के नेतृत्व में वहाँ की डील से भी बड़ी डील गाँवों को आगे बढ़ाने के लिए दी है। हम “नरेगा” अथवा “राष्ट्रीय कृषि विकास योजना” अथवा “राजीव गांधी आवास योजना” जैसे कार्यक्रमों के माध्यम से ग्रामीण क्षेत्रों में धन पहुँचा रहे हैं। कृषि के मामले में हमें अविलम्ब ठोस कार्रवाई करने की आवश्यकता है। यदि इसकी ओर ध्यान नहीं दिया गया तो अर्थव्यवस्था पर इसके मुद्रास्फीति संबंधी गम्भीर दबाव बने रहेंगे। यह green revolution हमें फिर से लाना ही पड़ेगा।

मैं अभी इसके बारे में कुछ figures आपको दूँगा। हमारी productivity आज भी वही है जो दस वर्ष पहले थी, area वही है जो दस वर्ष पहले था, population बढ़ गई, demand बढ़ गई। इससे दाम तो बढ़ेगा। ...**(व्यवधान)**... एरिया कम हुआ है? एरिया कम नहीं हुआ है। मैं आपको बता दूँगा। मैं आपको figures भी दूँगा। ...**(व्यवधान)**... मैं तो आपको सब figures दूँगा। ...**(व्यवधान)**... एक मिनट, मैं अभी आपको figures दे रहा हूँ। राष्ट्रपति जी के अभिभाषण में खाद्य पदार्थों की कीमतों पर नियंत्रण करने के मामले में सरकार के संकल्प का उल्लेख भी किया गया है और इसकी चर्चा आज सुबह भी हुई है। इसके थोड़े-बहुत figures मैं आपको अभी तुरंत दूँगा। हम जानते हैं कि पिछले कुछ महीने कठिनाई भरे रहे हैं, किन्तु इन समस्याओं को संकीर्ण और दलगत दृष्टि से देखने के बजाय हमें जरूरत है कि हम विश्व की अर्थव्यवस्था में आई वृहत् प्रवृत्तियों को ध्यान में रख कर उस संदर्भ में अपने कार्य करें। हमें कीमतों को स्थिर रखने के लिए विश्व के बाजार से ऊँची कीमतों पर खाद्यान्नों का आयात भी करना पड़ा है। जब wheat की shortage हुई तो सरकार ने तय किया कि हम import करेंगे। यहाँ पर MSP rate दस रुपए थी और वहाँ से 16 रुपए में import कर रहे थे। सारे लोग जो विपक्ष के थे, वे चर्चा करने लगे कि हमारे किसानों को कम दे रहे हैं और वहाँ ज्यादा दे रहे हैं। किसी ने यह विचार नहीं किया कि हमें अपने भूखे लोगों के लिए import करना पड़ रहा है। यह एक temporary measure था। जहाँ एन०डी०ए० सरकार ने दस रुपए per year increase किया था, वहीं हमारी सरकार ने आने के बाद 100 रुपए, 70 रुपए increase किया। मैं आपको इसका year-wise figure देने को तैयार हूँ- साढ़े तीन सौ, चार सौ रुपए दिए और उसके बाद भी इनको संतोष नहीं है। लेकिन, हमारी सरकार ने फिर भी import किया। लोगों को भूखा नहीं मरने दिया। यू०पी०ए० सरकार ने सभी खाद्यान्नों के न्यूनतम समर्थन मूल्य में वृद्धि की। इसके साथ ही कृषि उत्पादन तो ज्यों का त्यों रहा, जबकि इसका रकबा घटता जा रहा है। यहाँ Leader of the Opposition ने हाल ही में price rise पर भाषण दिया था। उनके दो-तीन points थे। एक point था, which I am quoting here. यह uncorrected है, but I hope it is right. “The commodities exchanges came up, well, these are all experiments to be done when you are dealing with a surplus economy of foodgrains.” वह यह खुद बोल रहे हैं कि “This was an experiment. They did the experiment.” सरकार experiment नहीं करती है बल्कि सरकार के अपने vision होते हैं। उन्होंने कहा कि हम experiment कर रहे थे। “If your population is rising, if your foodgrain increase and the production is not adequate along with it and now you have transgressed in the year 2010 into an economy of shortages—” मैं केवल यही कहना चाहता हूँ कि सरकार experiment नहीं करती, सरकार अपने निर्णय लेती है।

उन्होंने दूसरी बात कही। “Sir, on 15th February, 2010 you allowed export of 10,000 tonnes of sugar to Europe when there is scarcity in the market because you have an international commitment.”

ये खुद कह रहे हैं कि international commitment था। वे आगे कह रहे हैं “If you cancelled it yesterday and this obligation could be deferred to a period till we have surplus, well this should have struck somebody on 15th February, this year itself”. International commitment का अपना एक मूल्य होता है। अभी सुबह बताया गया कि हमारी total demand 1 लाख 85 हजार टन है और अगर हम availability की बात करें तो हमारे पास 50 लाख टन का short fall है। 10 हजार टन कोई मायने नहीं रखता है। क्या हम इस तरह के कमिटमेंट को कैंसल कर सकते हैं? .. (व्यवधान).. हमारे भारतवर्ष की सारी दुनिया में एक इज्जत है। यह nation to nation Agreement है। इसको हम इस तरह कैंसल नहीं कर सकते हैं। यह बात समझने की जरूरत है। ..(व्यवधान)

डा. (श्रीमती) नजमा ए. हेपतुल्ला: आपने commitment को cancel क्यों किया? ..(व्यवधान)

श्री बलबीर पुंज (उड़ीसा) : तो फिर आपने कैंसल क्यों किया? ...(व्यवधान)

श्री संतोष बागड़ोदिया: ये जिसे कैंसल करना बोल रहे हैं, वास्तव में उनसे फिर से Agreement किया गया, वह कैंसल नहीं हुआ। इसे समझ कर उनसे mutually agreement किया गया। ..(व्यवधान).. ये जो कैंसल की बात बोल रहे हैं, वह कैंसल नहीं होता। ...(व्यवधान).. अच्छा, आप मेरी बात सुन लीजिए। फिर उन्होंने कहा, “We repeatedly increased the MSP more than what previous Governments have done. The MSP increases have resulted in this new burden as far as consumers are concerned.” अब यह बात उनके लिए और हमारे लिए भी बड़ी complicated है कि एक तरफ वह बोलते हैं कि MSP बढ़ाओ, दूसरी तरफ फिर बोलते हैं कि यह consumer को affect करेगा और अगर MSP न बढ़ाओ तो किसान को affect करेगा। आप चाहते क्या हैं? इनका कोई vision नहीं है, कोई विचार नहीं है। ये लिखते हैं, “But once MSP increases are given and a particular crop cultivation is made attractive, the increase of cultivation of the crop increases and the increased production lead to drop in prices.” These are all contradictory statements which have been made and मैं यह कहना चाहता हूँ कि MSP is not simply supply listing. MSP is not done for increasing the supply. MSP is basically a remunerative price to the farmers. इसका यह purpose है कि farmers को अपनी पैदावार का पूरा पैसा मिलना चाहिए। So, the argument that increased MSP will bring down the prices in longer run is not correct. It is not the policy of a welfare Government to lay trap of MSP for farmers. This is not the policy.

Sir, the Finance Minister in his Budget Speech is candid in admitting that food inflation is a cause of worry and needs to be addressed. He admitted and he mentioned about erratic monsoon, he mentioned about drought like condition but what has he provided for? What has this Government provided for? “Twenty-five per cent of the plan outlay earmarked for rural, infrastructure development, Rs. 300 crore to organise 60,000 pulses and oil seed villages and provide integrated intervention of water shed and related programmes, Rs. 200 crores provided for climate resilient agriculture initiative, to continue giving cash subsidy for fuel and fertilizer

instead of PDS practice of bonds, deficit in food grain storage capacity to be met by private sector participation, Repayment of loan by farmers extended by six months to June 30th 2010 in view of drought and floods in many parts of the country". These are the provisions जिन्हें इस सरकार ने इस बजट में दिये हैं। ये specific steps उठाये गये हैं, जिससे हमारे farmers को तकलीफ न हो, प्रोडक्शन बढ़े और दाम गिरे।

सर, प्राइम मिनिस्टर साहब यहाँ बैठे हैं। मैं अपनी तरफ से दो सुझाव देना चाहूंगा कि हिन्दुस्तान की जो holdings हैं, वे बहुत छोटी-छोटी holdings हैं। ये एक एकड़, दो एकड़ या चार एकड़ की हैं। उनकी mechanization नहीं हो सकती है। मैं अभी figures दिखाऊंगा। 10 वर्ष पहले हमारी जो productivity थी, वही productivity आज भी है। जब तक productivity नहीं बढ़ेगी, हमारे हिन्दुस्तान में जो जमीन है, वह तो उतनी ही है, उसको आप कैसे बढ़ाएँगे? एक तरीका है कि सिंचाई की जाए।

जमीन के हिसाब से राजस्थान सबसे बड़ा प्रदेश है, लेकिन वहाँ पर कोई पैदावार नहीं हो सकती। अगर नदियों को मिलाया जाए और वहाँ हमारे पास पानी आए तो हम बहुत जमीन पर खेती कर सकते हैं। लेकिन, वह कब होगा ..(व्यवधान).. वह बाद में देखा जाएगा। मेरा सजेशन यह है कि अगर इसको corporatise किया जाए, corporatise कहने का मतलब यह नहीं है कि जो मिलिकियत है, वह मिलिकियत तो वैसे की वैसे ही रहेगी, गवर्नमेंट के कंट्रोल के साथ अगर किसी प्राइवेट corporations को उसकी जिम्मेदारी दी जाए, जिससे उसकी productivity बढ़ सके ..(समय की घंटी).. Sir, you told me one hour as the Chief Whip. I have not completed. I have not even started my speech. I have too many things to say. Now, I will do it fast if you want. ..(व्यवधान).. NCP का टाइम तो अलग है, यह हमारे टाइम के बारे में बात है। A model contract between the owner-farmer and sharecroppers must be signed with Government's guarantee. अगर इस तरह का कुछ किया जाए तो productivity बढ़ जाएगी। अभी इन्होंने refer किया था कि मंडी में price क्या है और यहाँ आकर हमारे खाद्यान्न का जैसे आलू, प्याज़, Cauliflower, टमाटर आदि का दाम तीन गुना ज्यादा है। मैंने आज अपनी पत्नी से बात की और पता लगाया कि यह बात कहां तक सत्य है, क्योंकि मुझे भी इतना मालूम नहीं था। देखिए, मंडियां भी बहुत हैं - आजादपुर, ओखला, कोटला, महरोली आदि और यह मैं सिर्फ दिल्ली की बात कर रहा हूँ और दिल्ली में भी जब आप खान मार्केट में खरीदते हैं तो दूसरा रेट होता है और जो लोग ठेले पर सामान लेकर बेचते हैं, उन पर आप क्या कंट्रोल कर सकते हैं? इसलिए यह जो पांच-छः जगह से होकर आता है ..(व्यवधान).. वृंदा जी, आप क्या कहना चाह रही हैं?

श्रीमती वृंदा कारत : सर, ये तो रेहड़ी वालों के ऊपर दोष दे रहे हैं। महंगाई बढ़ाने का दोष आप रेहड़ी वालों के ऊपर दे रहे हैं।

श्री संतोष बागड़ोदिया : मैंने किसी को दोष नहीं दिया, मैंने तो केवल एक तरीका बताया कि किस तरह से सात-आठ जगहों से होकर आता है। तो मंडी में जो दाम होता है, वह दाम आपको यहाँ नहीं मिल सकता, मैंने तो केवल आपको इतनी बात कही है।

अब मैं जल्दी से केवल productivity की बात कह देता हूँ। Area under production for rice 2003-04 में 42,592.5 हजार हैक्टेयर्स था, आज 2008-09 में 45,351.7 हजार हैक्टेयर्स है, फील्ड यील्ड 2078 kg प्रति हैक्टर था, आज 2186 है। ऐसे ही व्हीट 26,594.7 हजार हैक्टेयर्स थी, आज 27,877 हजार हैक्टेयर्स है, यील्ड थी 2713 kg, आज है 2891, इससे कम प्रोडक्शन से काम नहीं चल सकता। जब दाल का सवाल आता है क्योंकि हम vegetarian हैं, हम तो मछली और चिकन नहीं खा सकते, दाल ही खानी पड़ती है। दाल का total production अगर आप देखें तो यह 2003-04 में 14 मिलियन था, आज भी 14 मिलियन है, बल्कि कम हो गया

है 14.9 से 14.6 हो गया है। अब 4 मिलियन टन का जब तक कोई रास्ता न बने, तब तक कोई भी रास्ता नहीं है इसके दाम गिरने का। दाम तभी गिर सकता है जब कि सप्लाई ज्यादा हो। यह बेसिक इक्नॉमिक पॉलिसी है कि जब तक सप्लाई नहीं बढ़ेगी, डिमांड से ज्यादा सप्लाई नहीं होगी, तब तक दाम कम होने का कोई रास्ता नहीं है। मैं एक सुझाव देना चाहता हूँ आप सबके सामने। हमारे पास जमीन की कमी है, ठीक है, जैसे कोयले की कमी थी तो मोज़ाम्बिक में जाकर हमने कोल माइन्स लीं, इसी तरह से ऐसे बहुत से देश हैं जहां पर जमीन पड़ी हुई है, मैं प्रधान मंत्री जी से अनुरोध करता हूँ कि सरकार के लैवल पर वह जमीन वहां पर ले ली जाए, 30,000, 40,000 एकड़ जमीन ली जा सकती है और फिर हमारे पंजाब के या और दूसरे प्रदेशों के जो अच्छे-अच्छे फारमर्स हैं उनको भेजकर वहां खेती की जाए तो शायद वहां का सामान यहां आएगा तो यहां काफी बहुतायत में गेहूँ, चावल, vegetables, fruits etc. हो सकते हैं।

इसकी व्यवस्था के बारे में भी विचार करना पड़ेगा, वरना तो जितनी जमीन है, उतनी productivity भी न बढ़े, जमीन भी न बढ़े, तो दामों को बढ़ने से रोकना एक मुश्किल काम हो जाएगा।

उपसभाध्यक्ष जी, इतनी तकलीफें होने के बाद भी Economic Survey की जो फिगर्स आई हैं, उनमें से मैं सदन को दो-चार फिगर्स बताना चाहता हूँ जिससे आप यह जान सकें कि हिंदुस्तान का कितना डेवलपमेंट हुआ है। Export and import of chemicals and petrochemicals का जहां तक सवाल है, 2006-07 में 39,351 करोड़ रुपए का export हुआ और 2008-09 में 53,738 करोड़ रुपए का export हुआ, यानी बढ़ा। सारी दुनिया में chemicals का export कम हो रहा है, हिंदुस्तान का बढ़ रहा है। यह सब हमारी सरकार की पॉलिसीज़ के कारण है। जहां तक petro chemicals का सवाल है, 2006-07 में 21,801 करोड़ रुपए का export हुआ और 2008-09 में 77,964 करोड़ रुपए का export हुआ। इसी तरह जहां तक imports का सवाल है, imports भी बढ़े हैं, इसका यह मतलब नहीं है कि हमें तकलीफ हुई, यह इसलिए ज्यादा हुए, क्योंकि यहां डिमांड ज्यादा बढ़ी। 2006-07 में chemicals का 47,914 करोड़ रुपए का import हुआ और 2008-09 में 74,857 करोड़ रुपए का import हुआ। इससे आप समझ सकते हैं कि देश में कितनी जबर्दस्त ग्रोथ हुई है। जहां तक petro chemicals के import का सवाल है, 2006-07 में 16,339 करोड़ रुपए का import हुआ और 2008-09 में 24,020 करोड़ रुपए का import हुआ। मैं आपको ये फिगर्स इसलिए बता रहा हूँ, जिससे आपको पता चल सके कि हिंदुस्तान की economy आगे बढ़ रही है और बहुत जोर से आगे बढ़ रही है। जहां तक production of steel का सवाल है, 2005-06 में यह 46.56 मिलियन टन था, यह 2008-09 में बढ़कर 57.16 मिलियन टन हो गया, यानी इसकी भी ग्रोथ हुई है। इसी तरह से real consumption जहां 2005-06 में 41.43 मिलियन टन था, यह 2008-09 में बढ़कर 52.35 मिलियन टन हो गया, यानी स्टील में production भी बढ़ा और consumption भी बढ़ा। अगर हम machinery and equipment को देखें, जो कि एक बैरोमीटर है, तो 2001-02 में machinery and equipment का index figure 200 था, वह बढ़कर 450 से ऊपर चला गया। इसी तरह से IT की फिगर्स हैं - वहां पर 70 परसेंट, 58 परसेंट, 48 परसेंट की ग्रोथ हुई है। हमारी जो CPSEs हैं, उनका turnover 15.4 परसेंट बढ़ा, उनकी foreign exchange earnings भी 9.6 परसेंट बढ़ीं। मैं ये फिगर्स केवल इसलिए दे रहा हूँ कि आपको चिंता करने की आवश्यकता नहीं है, सभी तरह से देश की economic growth हो रही है। इस देश में energy की growth भी हुई है। Power growth 6.3 परसेंट हुई, coal growth 9.3 परसेंट हुई, यानी हर चीज की growth हो रही है, आप चिंता न करें। यहां तक कि अमरीका के प्रेज़ीडेंट ओबामा जी ने अपने भाषण में बड़ी घबराहट के साथ अपने साथियों से कहा कि जिस तरह से हिंदुस्तान में

सबसे ज्यादा इंजीनियर्स पैदा हो रहे हैं, डॉक्टर्स पैदा हो रहे हैं, मैनेजर्स पैदा हो रहे हैं, अगर हमारी व्यवस्था में हम उनसे आगे नहीं बढ़े, तो हिंदुस्तान हमसे बहुत आगे बढ़ जाएगा। यह ओबामा साहब की प्रॉब्लम है और उनको इस बात को लेकर घबराहट हो रही है।

उपसभाध्यक्ष जी, रोटी, कपड़ा और मकान सबकी बुनियादी जरूरत है। मैं इनको salute करता हूँ कि इन्होंने उन परिस्थितियों में न्यूक्लियर एनर्जी का agreement किया। सरकार चली जाए, लेकिन देश को बचाना है। यह इनकी भावना थी, यह हमारे नेता श्रीमती सोनिया गांधी की भावना थी, हमारे युवा नेता श्री राहुल गांधी की भावना थी और हमारे प्रधान मंत्री की भावना थी कि हमें सरकार नहीं बचानी है, बल्कि हमें देश को बचाना है। खासकर मैं राजस्थान का हूँ और हमें पता है कि हमारे यहां न कोयला है और न पानी है। अभी उन्होंने बताया कि दो रिएक्टर्स already चालू हो गए हैं और पहले भी चालू हुए थे। मेरा माननीय प्रधान मंत्री जी से अनुरोध है कि आप राजस्थान में जितने Nuclear Power Reactors लगाना चाहते हैं, आप वहां पर लगाएं। हमारे पास बहुत जमीन है, कोई population नहीं है, कोई खतरा नहीं है और कोई population को कोई खतरा नहीं है। वहां मील-मील तक लोग नहीं हैं। आप वहां पर रिएक्टर्स लगाएं और वह पावर राजस्थान को भी मिले और सारे हिन्दुस्तान को भी मिले। हमें इसमें कोई असुविधा नहीं होगी।

महोदय, एक सेमिनार में किसी ने कहा कि मुंबई को कमर्शियल हब बना दिया जाए। इसमें हमें कोई आपत्ति नहीं है, लेकिन आप कैसे उसको कमर्शियल हब बना सकते हैं, जहां पर धर्म के नाम पर लड़ाई हो, जाति के नाम पर लड़ाई हो और क्षेत्र के नाम पर लड़ाई हो? हमें शांति चाहिए। कमर्शियल हब तब बन सकता है, जब वहां पर शांति हो। यह शांति जहां नहीं होगी, जहां के लोगों की भावनाओं में शांति नहीं होगी, वहां पर यह हब नहीं बन सकता है ..(व्यवधान) ..

DR. (SHRIMATI) NAJMA A. HEPTULLA: Sir, we have to move the amendments before 6 o'clock.

THE VICE-CHAIRMAN (PROF. P.J. KURIEN): Santoshji, please conclude.

SHRI SANTOSH BAGRODIA: Sir, I am finishing my speech. Just give me five minutes. ..(Interruptions).. महोदय, मैं जल्दी से एक-दो मिनट में आपको बता देता हूँ। मैं sugar की बात नहीं करूंगा, वह हो चुकी है। मैं केवल small industries की बात बताना चाहता हूँ। That is very dear to me and also very dear to all of us. The UPA-I passed an Act. Many issues were raised in that Act like supply of steel, supply of coal and all this, but a very revolutionary decision was taken. This is now an Act, this is a law. This law says that payment by PSUs and everybody else will have to be made to small industries within 45 days from the day of acceptance. This law was not there before. Earlier, they were paying in 180 days or they were paying in one year. Now, under this law, it has to be paid within 45 days. Sir, the National Rural Health Mission was launched in April 2005 by the hon. Prime Minister, Dr. Manmohan Singh, to provide accountable, accessible and quality health care in the remotest corners of India. Every year, about Rs.50,000 crores are being given by the Government to upgrade physical infrastructure, for provision of equipment and engagement of human resources, personnel at the District Health Centres. During the last five years, about 90 per cent of the District Health Centres have been upgraded while 70 per cent of Primary Health Centres are under the process of upgradation. Sir, Janani Suraksha Yojna has

been introduced for the welfare of women and children. मैं केवल कार्यक्रमों की बात बता रहा हूँ, जिन पर इस सरकार ने हजारों करोड़ रुपए लगाए हैं, जहां आवश्यकता थी। जब शिक्षा की बात आई, तो मैं नागालैण्ड की बात करना चाहता हूँ। पता नहीं आप लोगों में से कितने लोगों को नागालैण्ड के बारे में पता है, क्योंकि मैं 1960 से नागालैण्ड जा रहा हूँ। वहां जाने के लिए दीमापुर, इंफाल जाने के लिए मिलिट्री का एक convoy जाता था।

हमारी गाड़ी बीच में रहती थी। आगे और पीछे मिलिटरी रहती थी, तब जाकर हम वह रास्ता पार करके मणिपुर पहुंचते थे। यह मैंने खुद किया है और वर्षों तक किया है। आज नागालैंड में 100 परसेंट education है। इस education के कारण क्या हुआ? वहां शांति हुई और उस शांति का लाभ क्या हुआ कि आज ordinary बच्चे नागालैंड घूमने जा सकते हैं। मेरी बेटी अभी थोड़े दिन पहले नागालैंड गई थी। वह किस परिस्थिति में गई, मैं बहुत घबराया हुआ था, लेकिन वह बहुत आराम से गई और आराम से आ गई। यह शिक्षा का लाभ होता है। शिक्षा के क्षेत्र में इस सरकार ने क्या किया? सर्व शिक्षा अभियान चलाया, मिड-डे मील प्रोग्राम चलाया, राष्ट्रीय माध्यमिक शिक्षा अभियान चलाया, Right of Children to Free and Compulsory Education Act पास किया।

THE VICE-CHAIRMAN (PROF. P.J. KURIEN): Mr. Bagrodia, please conclude.

SHRI SANTOSH BAGRODIA: Sir, I am just using the names only. I am not going into the details. 373 model colleges को फायदा मिला। National Mission for Education through Information and Communication Technology “चलाया। भारत को साक्षर बनाने का अभियान चलाया।” National Council for Higher Education and Research will soon be established. Foreign Education में भी सुविधा कराई। ..(व्यवधान)... सांसद के रूप में हमें जिम्मेदारी के साथ ...

उपसभाध्यक्ष (प्रो. पी.जे. कुरियन): जल्दी खत्म कीजिए।

SHRI SANTOSH BAGRODIA: I am just finishing. Last two minutes, please. सांसद के रूप में हमें जिम्मेदारी के साथ इस सरकार का मार्गदर्शन और समर्थन करना चाहिए, जो यू.पी.ए. की अध्यक्ष और प्रधान मंत्री के नेतृत्व में अपनी पूरी ईमानदारी के साथ समाज के प्रत्येक वर्ग को विकास का अवसर प्रदान करने के लिए प्रयासरत है।

इन्हीं शब्दों के साथ मैं महामहिम राष्ट्रपति जी के प्रति धन्यवाद और कृतज्ञता ज्ञापित करने वाले इस प्रस्ताव को स्वीकार करने के लिए इस सभा से अनुरोध करता हूँ।
