Packa.8<sup>e deal</sup> by Punjab 273

lake the House into confidence particularly in relation to the reports of this kind - it is left in the hands of such people who are that a wireless set has been snatched away by the ignoring the auditors' report and RBI's extremisfs.

### **REFERENCE TO THE REPORTED** PACKAGE DEAL BY PUNJAB NATIONAL BANK AND SOME OTHER BANKS IN FAVOUR OF SETHIAS OPERATING FROOT the money of the banks in this country has to CONDON

SHRI A. G. KULKARNI (Maharashtra): Sir, I the Government to take appropriate steps, would like to draw the kind attention of the otherwise the package deal will go through Government, through you, to a very sensitive mat- and Sethias will be richer by further 60 crores

ter. Sir, the political interference is wrecking the of rupees. banks and banking companies in this country. I would like to refer to today's Indian Express, and take up the discussion on the Railway yesterday's Indian Express, wherein there is a news Budget. of a package deal to save the Sethias. Sethias are supposed to be very influential persons, having political links and they have been favoured very much. Sir, I also refer to 'India Today' dated 15th March, wherein it is said I quote:

"It is stated that Touche Ross', the auditors of this Bank, have sent reports since 1980....

revealing that for the fiscal years ending 1981 and '1982, the loans to the Esal group were not fully protected. Again in a letter written to the Central Bank in August, 1983, the RBI said: "It will be observed that between 1981 and 1982 the total accommodation to the Esal group has been increased from 9.5 million pounds to 34.54 million pounds" ....etc. and further increased to a large extent. RBI did not leave it there. They have castigated the Central Bank.

Now I draw the attention of the Government to the important piece of information. It seems that when the RBI was having this tough time against the Central Bank, its Chairman who was to retire on 31st December has been granted extension for further-three years due to political interfer-

ence. What will happen to the Central Bank if observations. Again I quote two lines. "The steady weakening m RBI's firm stand on the issue has surprised banking circles in Bombay". They suspect political interference to which I am objecting. Even when this package deal was sanctioned, some Additional Finance Secretary, Mr. Das was present. So if be saved, political interference has to be stopped. I would request you to please advise

MR. DEPUTY CHAIRMAN: Now we
