order for closure of Tanneries which are not provided with treatment plants;  
and

(c) whether Government are also aware that in Collusion with officials of Pollution Control Board, the tanneries are allowed to function without the facilities of treatment plants?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI BABU LAL MARANDI): (a) Yes, Sir. The Government is aware of the tannery pollution in North Arcot district of Tamil Nadu. The Loss of Ecology (Prevention and Payments of Compensation) Authority constituted by the Government for the purpose of determining compensation to the affected individuals has estimated an extent of 15,632 hectares of agricultural land damaged by pollution from tanneries in the district. As per the Director of Health Services of the State, no specific disease solely attributable to tannery pollution has been reported to the Government Hospitals in the District.

(b) and (c) Pursuant to the order of the Hon'ble Supreme Court, the Tamil Nadu Pollution Control Board has not issued consent to any tannery which has not been provided with treatment plant and, as such, no tannery is operating in the State without effluent treatment plant.
