THE MINISTER OF OVERSEAS INDIAN AFFAIRS (SHRI VAYALAR RAVI): (a) to, (c) The United Kingdom has not enforced a ban on recruitment of nurses from outside the European Union. However, on July 3, 2006, the Department of Health, UK removed 'general nurses' from the 'Skills Shortage Occupations List' of the UK Home Office. The change in regulation does not affect advanced and senior nurses grades in certain specialities. The change will make no difference to nurses currently working in the UK. The change in the regulation does not stop UK employers from undertaking international recruitment of nurses. They have to demonstrate that they cannot fill a post with a UK or European Economic Area (EEA) applicant first.
