

(c) and (d) Money raised through the spectrum auctions has been credited into Consolidated Fund of India as non-tax receipts. The additional expenditure of Government is based on the overall resource position comprising tax receipts, non-tax receipts and capital receipts. While it is correct that non-tax receipts have increased due to increased 3G and BWA spectrum auction receipts, the final outcome on tax receipts, other non-tax receipts (excluding 3G & BWA receipts) and capital receipts would be known in due course. However, Government is committed to meeting its deficit target of 5.5% GDP laid down in BE 2010-11.
