(c) There is no loss.]

Dislocation of telephone services due to rains in Delhi

279. SHRI DHARAMCHAND JAIN: Will the Minister of COMMUNICATIONS be pleased to state:

(a) what is the approximate number of telephones still lying dead in each exchange in Delhi as a result of rains;

(b) what is the corresponding number of phones set in order during the same period, Exchange-wise, and

(c) what action Government have taken to repair the remaining phones?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI KARTIK ORAON): (a) As on 28-7-80 a total of 2812 Telephones are still faulty in Delhi due to Cable failures caused by rain.

(b) The period for which information is required is not mentioned in the question. The first detailed analysis made on 2-7-80 showed that 15550 telephones were affected on that date as a result of rains. Subsequent faults have been occurring but the exact total figures are not available as each day clearances are made daily and only the net position of faults is watched as indicated above i.e., 2812 telephones out of order on 28-7-80. The detailed break-up is indicated in Annexure. (*See* below).

(c) The fault repair work of telephones affected due to cable failures is being done on round the clock basis.

Annexure

As on 25-7-80 the approximate number of telephones lying faulty in each exchange in Delhi as a result of cable failure is given below :

	As on 2-7-80	As on 28-7-80
1. Jorbagh	600	95
