Loss in Coal India Limited

375. DR. LOKESH CHANDRA:

SHRI MOHAMMED USMAN
ARIF:

Will the Minister of ENERGY AND IRRIGATION AND COAL be pleased to state:

(a) the loss suffered by Coal India Limited in 1979 and the reasons therefor; and

(b) the steps Government propose to take to increase production in the Coal India Limited?

THE MINISTER OF ENERGY AND IRRIGATION AND COAL (SHRI A. B. A. GHANI KHAN CHAUDHURY): (a) According to the provisional unaudited accounts, the loss of Coal India Ltd. during 1979-80 has been estimated at Rs. 135 crores which is mainly due to unremunerative price of coal which continued upto the middle of July, 1979 when the coal prices were revised and the loss in production because of shortage of power, explosives, etc.

(b) Some of the measures adopted to increase coal production are:—

(1) Attempts are being made to improve power generation in DVC which supplies the bulk of the power to collieries in Eastern India where production has been affected due to power shortage.

(2) Import of explosives has been arranged to cover the gap between demand and indigenous availability.

(3) Instructions have been issued for the allotment of diesel on a priority basis to the Coal Industry.
