### Crimes in Delhi

266. SHRIMATI LEELA DAMODARA MENON: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the crime situation in Delhi during 1978 with details of murders, robberies, dacoities, kidnappings, thefts and acts of sabotage as compared to that in 1976 and 1977;

(b) what are the reasons if any, for increase in the incidence of crimes; and

(c) what remedial steps Government are taking in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI S. D. PATIL): (a) The requisite crime figures are given below:—

Crime Head	1976	1977	1978
Dacoity	3	21	70
Murder	120	184	182
Robbery	142	354	667
Kidnapping	328	471	649
Thefts	23,284	21,678	25,281
Act of sabotage	..	9	9

(b) For obvious reasons crime figures during the emergency period cannot be compared with that during the normal period. The crime situation at present is well under control and there is no cause for concern. Among the important causes for the increase in crime are the socio-economic conditions, the large floating population, over-crowding in certain areas, lack of adequate employment opportunities, increase in population, coming up of new re-settlement colonies, free registration of cases and release of bad characters after the revocation of the emergency.

(c) Various steps have been taken to check the crime. These include intensifying patrolling both foot and mobile in the crime affected areas, detailing pickets at strategic places, maintaining strict vigilance over activities of known criminals and stepping up externment proceedings, launching special drive against persons carrying long knives and such other weapons, developing criminal intelligence units for which a special centralised squad has also been set up and setting up a vigilance squad to check eve-teasing and pickpocketing.
