

(a) whether the object of removing imbalances of the past in the matter of equitable distribution of essential mass consumption goods to the rural areas as well as in each of the States has been achieved; and

(b) if not what are the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE, CIVIL SUPPLIES AND COOPERATION (SHRI KRISHNA KUMAR GOYAL): (a)~and (b) Measures in this direction are taken/being taken by State Governments to ensure equitable distribution of essential commodities covered under the public distribution system through the fair price shops and other licensed retail outlets. So far as levy-sugar is concerned, in order to remove the disparity between the urban and rural areas, the Central Government have refixed the State-wise quotas on the basis of 425 gms. per capita availability for the projected population as on 1-4-1978. The total levy sugar released for allocation to the States has been stepped up to 2.71 lakhs tonnes from 2.05 lakh tonnes released earlier and the higher quotas on this basis are being allotted from the month of December, 1977 onwards. The State Governments have been advised to gear up the distribution machinery to ensure distribution at the enhanced levels and also to treat the rural and urban populations in a similar manner for purposes of distribution of levy sugar.
