

THE MINISTER OF FINANCE, (SHRI H. M. PATEL): (a) The Development Officers' strike lasted from 8-3-78 to 27-3-78.

(b) The new business under individual assurances during the period of strike in 1978 compared to the new business during the corresponding period of the preceding year, is given below;—

(In crores of rupees)			
	8-3-77 to 27-3-77	8-3-78 to 27-3-78	
Sum proposed . . .	116.50	80.08	
Sum assured . . .	120.85	107.73	

(c) Bonuses are declared by the Lie on the basis of the biennial actuarial valuations and the next valuation is due as at 31-3-79. The actuarial valuation takes into account the experience during the inter-valuation period in the matter of mortality yield on investments and expenses of management. It is not possible to quantify in precise terms the likely effect of the Development Officers' strike on the bonus which would be declared at the next valuation. The relative costs on the Development Officers during the inter-valuation period would, however, be reflected in the results of that valuation.
