666. SHRI SITARAM KESRI;  
SHRI DHARAMCHAND JAIN:

Will the Minister of ENERGY be pleased to state:

(a) whether it is a fact that, of late, thermal power plants in the country have been facing crisis because of low coal stocks with them;

(c) A number of steps have been taken by the Government to augment the supply of coal to the thermal power stations. Some of the steps taken include (i) diversion of more coal wagons to the affected thermal power stations, (ii) Ad hoc coal linkages were arranged for some of the power stations from additional sources of coal, and (iii) Railways/Coal India were requested to step up supplies and movement to these power stations on priority basis.
