

be pleased to state:

(a) whether it is a fact that the U.S. Supreme Court has ruled that the foreign Governments can file antitrust suits against American Corporations;

(b) whether it is also a fact that the Government of India have proceeded under the anti-trust laws against six U.S. drug manufacturing companies;

(c) if so, what are the details in this regard; and

(d) what is the amount of money already spent on this account by the Government of India?

THE MINISTER OF PETROLEUM, CHEMICALS AND FERTILIZERS (SHRI H. N. BAHUGUNA): (a) to (c) The Government of India have filed a Civil suit in the U.S. Courts against six U.S. drug manufacturing companies, namely, Pfizer, Cyanamid, Squibb, Bristol Mayors, Upjohn and Olin, under the U.S. Anti-Trust Laws for allegedly having entered into a conspiracy for a concerted price fixation of Board Spectrum Antibiotics and over-charging the domestic as well as overseas purchasers. The defendant Companies had appealed to the US Supreme Court that a foreign nation was not entitled to sue the companies for damages under the US Anti-Trust Laws. The US Supreme Court has now held that a foreign nation is also a "person" within the meaning of the Clayton Act and thus, entitled to sue for damages under the U.S. Anti-Trust Laws. Further action to prosecute our claim for damages suffered on account of purchase of BSA (Board Spectrum Antibiotics) from the dependant companies in question is being taken in consultation with our legal counsel.

(d) As at the end of November, 1977 a total expenditure of US \$1,32,592.31 had been incurred for the payment of legal fees and services rendered by our legal counsel.
