†[THE MINISTER OF AGRICULTURE AND IRRIGATION (SHRI SURJIT SINGH BARNALA): (a) and (b) The losses incurred by the D.M.S. during the last three years are indicated below:

Year	Amount of loss
	(in Rs. lakhs)
1975-76	576.78
1976-77	636.48
1977-78	683.24 (excl. interest)

These are exclusive of interest and depreciation charges.

The price of tonned milk was increased with effect from May 2, 1978 but was still lower than its cost of production. The price of double tonned milk was slightly increased from May 2, 1978 but was reduced to the original level from May 14, 1978. Thus in the case of double tonned milk there has effectively been no increase of price.

It is estimated that consequent upon price revision of tonned milk, the overall loss would decide to about Rs. 3.50 crores in the current year as compared to Rs. 6.83 crores in the last year.

The Management Committee of the D.M.S. is taking various steps to improve the operational efficiency and reduce the loss of DMS and further improvement may become evident in the next financial year:

(i) a major renovation and repair programme to revitalise plant and machinery nearly 20 years old has been undertaken.

(ii) procedures are being streamlined for minimising loss through wastage and breakage of bottles.

(iii) monthly profit and loss accounts will be prepared with a view to enabling the Management Committee to take suitable decisions at the proper time.]
