

TV Transmitters

4870. SHRI N.R. GOVINDARAJAR: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of high-power, low-power and very low power T.V. Transmitters, capacity-wise, location-wise and State-wise;

(b) whether Government have received requests from the various States for setting up and conversion of VLPT/LPT/HPTS during the last three years; and

(c) if so, the details thereof, State-wise, and the action taken by Government thereon?

THE MINISTER OF INFORMATION AND BROADCASTING (SHRI S. JAIPAL REDDY): (a) Prasar Bharati has informed that 1,401 transmitters of varying capacity (HPTs-195, LPTs-828, VLPTs-359 and Transposers-19) are presently functioning in the country. State-wise details are given in the Statement (See below).

(b) and (c) Requests for setting up of new transmitters as well as upgradation of existing transmitters are received from time to time from various quarters including State Governments, and these are considered while formulating plans of TV expansion. In the meanwhile a free to air Ku - Band DTH service of Doordarshan (DD Direct+) has been launched to provide coverage to hitherto uncovered areas. The DTH bouquet consists of 33 TV and 12 Radio (AIR) channels. It is possible to receive DTH signals anywhere in the country (except A&N Islands) with the help of a small sized dish receive system.

Statement

*State-wise details of Doordarshan Transmitters (as on 19.04.2005)
presently functioning in the country*
